PURVIS GRAY

INDEPENDENT AUDITOR'S REPORT

The Honorable Board of County Commissioners and Constitutional Officers
Alachua County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Alachua County, Florida (the County) as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

INDEPENDENT AUDITOR'S REPORT

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of September 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Schedule of Expenditures of Federal Awards and State Financial Assistance

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General, is presented for the purposes of additional analysis and is not a required part of the basic financial statements. The schedule is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule is fairly stated in all material respects in relation to the basic financial statements as a whole.

The Honorable Board of County Commissioners and Constitutional Officers
Alachua County, Florida

INDEPENDENT AUDITOR'S REPORT

Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated June 21, 2022, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Purus Gray June 21, 2022

Gainesville, Florida

The Management's Discussion and Analysis presents an overview of the Alachua County, Florida's (the County) financial activities for the fiscal year ended September 30, 2021. The County's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosure following this section. Additional information is available in the Transmittal Letter, which precedes Management's Discussion and Analysis.

Financial Highlights

Government-Wide Statements

- Alachua County's assets and deferred outflow of resources exceeded its liabilities and deferred
 inflow of resources at September 30, 2021 by \$598.7 million (net position). The County provides
 a defined benefit pension plan for its employees and other postemployment benefits (OPEB) to
 their employees. As a result of reporting the net OPEB and pension liability, the County reported
 a (\$54.1) million unrestricted net position deficit.
- Total net position of \$598.7 million is comprised of the following:
 - 1) Net investment in capital assets of \$553.1 million includes property and equipment, net of accumulated depreciation, reduced for outstanding debt related to the purchase or construction of those capital assets.
 - 2) \$99.8 million of net position are restricted by constraints imposed from outside of the County, such as debt covenants, grantors, laws, or regulations.
 - 3) (\$58.1) million of unrestricted deficit governmental net position and \$4 million of unrestricted business-type net position.
- The County's total net position increased \$48.6 million over the previous year with an increase of \$47.2 million from governmental activities and an increase of \$1.4 million from business activities. This increase in total net position is primarily due to the total combined amount for net pension liability plus deferred inflows of resources related to pensions being reduced in FY21 compared to the prior year.

Fund Statements

- At September 30, 2021, the County's governmental funds reported combined ending unassigned fund balances of \$31.8 million and total fund balances of \$218.5 million. Total fund balances had an increase of \$42 million from the prior fiscal year.
- At September 30, 2021, unassigned fund balance for the General Fund was \$31.9 million or 17.85% of General Fund operating revenue. Assigned fund balance includes \$16.2 million subsequent year's reserve for contingency, \$9.2 million for FY22 appropriated fund balance, and \$1.2 million of culture and recreation. The General Fund balance increased by \$4.3 million over the prior fiscal year.
- Governmental funds revenues increased overall by \$24.9 million or 8.01% from the prior fiscal year. The overall change in governmental funds revenues can primarily be attributed to the following: \$16.1 million increase in intergovernmental revenue for federal and state grants, a \$4.1 million increase in charges for services, and a \$4.9 million dollar increase in taxes, while investment returns decreased by \$4.2 million.

• Along with making regularly scheduled debt service payments for the year, the County had a net increase in notes payables of \$35 million.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's Basic Financial Statements. The County's Basic Financial Statements consist of three components: 1) Government-Wide Financial Statements, 2) Fund Financial Statements, and 3) Notes to the Financial Statements. This report also contains other Required Supplementary Information and Supplemental Information in addition to the Basic Financial Statements themselves.

Government-Wide Financial Statements

The Government-Wide Financial Statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private sector business and consist of the following two statements:

- The Statement of Net Position presents information on all of the County's assets and liabilities, and deferred inflows/outflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is strengthening or weakening.
- The Statement of Activities presents information showing how the government's net position changed during fiscal year 2021. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned and unused vacation leave).

Both of these financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include administration, community services, corrections, courts, culture and recreation, economic development, tourist development, emergency services, environmental services, growth management, law enforcement, solid waste collection, and transportation. The business-type activities of the County include the solid waste system and codes enforcement.

The government-wide financial statements include not only the County itself (known as the primary government), but also the following legally separate component units: the Alachua County Housing Finance Authority and the John A. H. Murphree Law Library. Financial information for these component units is reported separately from the financial information presented for the primary government itself; these component units do not issue separate financial statements.

The government-wide financial statements can be found on pages 18-22 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All County funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains twenty-five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the County-wide General Fund, Municipal Service Taxing Unit (Law Enforcement), Municipal Service Benefit Unit (Fire Protection), Career Source-Region 9, Gas Tax Uses, COVID-19 Relief, Emergency Services, Other Special Revenue and Other Capital Projects, which are considered to be major funds. Data from the other sixteen governmental funds are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements in the Supplemental Information section of this report; the breakdown of the County-wide General Fund by Board of County Commissioners and Constitutional Officer is also presented in this section.

The County adopts an annual budget for its general, special revenue, debt service and capital projects funds. Budgetary comparison schedules have been provided for these funds to demonstrate budgetary compliance; major funds budgetary comparison (excluding Debt Service and Capital Project funds) is in the Required Supplementary Information starting on page 89 and for non-major, Debt Service and Capital Project funds in the Supplementary Information section starting on page 104.

The basic governmental fund statements can be found on pages 23-29 of this report.

Proprietary Funds

The County maintains two different types of proprietary funds. Enterprise funds are used to report business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the fiscal activities relating to Solid Waste and Building Inspections/Permitting. Internal service funds are used to accumulate and allocate costs internally among the County's various functions.

The County uses internal service funds to account for its Computer Replacement, Vehicle Replacement, Fleet Management, Telephone Service, Self-Insurance Liability and Health Insurance operations. Because these services predominantly benefit governmental rather than business-type functions, they have been included within the government-wide financial statements as governmental activities.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Solid Waste System, as well as the only non-major enterprise fund, Building Inspections/Permitting Fund. Internal service funds are also combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements in the Supplementary Information section of this report.

The basic proprietary fund financial statements can be found on pages 30-34 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is similar to proprietary funds.

The basic fiduciary fund financial statements can be found on pages 35 and 36 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 37-88 of this report, with the index to the notes on the first page of that section.

Other Information

Supplemental information in the form of combining statements referred to earlier, present a more detailed view of non-major funds used in governmental and enterprise funds. The sub-funds of the General Fund are presented first, followed by the budget to actual schedules for non-major special revenue funds, the debt service fund and all capital projects funds. Also included are statements for internal service and custodial funds as well as component unit information. Combining and individual fund schedules can be found on pages 104-156 of this report. Additional information about the County that may be of interest to the reader is found under the Statistical section on pages 157-189 of this report.

Government-Wide Financial Analysis

Net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows exceeded liabilities and deferred inflows of resources by \$598.7 million at the close of the fiscal year ended September 30, 2021 (see table next page).

At the end of fiscal year 2021, the County is able to report positive balances in two categories of net position, for the government as a whole, and all three categories for its separate business-type activities.

Current and other assets increased by 26.5% over the prior year primarily due to the receipt of *American Rescue Plan Act* funds and the receipt of bond funds received near the end of the fiscal year for the new Sports Complex. Net investment in capital assets, less any outstanding debt used to acquire those assets, increased by 4.2% due to the purchase of new conservation lands; purchase of the Medical Examiner Building; and several road resurfacing projects that were in progress.

Total net position	\$536.6	\$583.8	\$13.5	\$14.9	\$550.1	\$598.7	8.8%

(Note: Due to rounding, the totals shown may not be the addition of numbers presented in this table, but are the true net position rounded totals.)

Current liabilities and long-term liabilities in total decreased from the previous year by (28%) due primarily to reduction in net pension liability. This reduction in long-term liabilities was offset by increase in deferred inflows.

Total net position at year-end is \$598.7 million. The largest portion of the County's net position (\$553.1 million or 92.3%) reflects its investment in capital assets (e.g., land, infrastructure, buildings and equipment) less any related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate liabilities.

An additional portion of the County's net position (\$99.8 million or 16.7%) represents resources that are subject to external restrictions on how they may be used. The remaining balance is unrestricted net position deficit (\$54.1 million or -9%). The \$54.1 million unrestricted deficit in net position reflects the shortfall the county would face in the event it would have to liquidate all of its non-capital liabilities, including insurance claims payable, compensated absences, other postemployment benefits, and net pension liability at September 30, 2021. A deficit in unrestricted net position should not be considered, solely, as evidence of economic financial difficulties.

Restricted net position in the governmental activities and business-type activities had a net decrease of \$1.7 million or (1.67%) from 2020 to 2021. This portion of net position represents restrictions from specific revenue sources and grants. Main components of the net decrease include:

- Decrease of \$3.8 million in restricted assets for grants and other purposes.
- Decrease of \$4.8 million in restricted assets for road construction projects.
- Increase of \$.2 million in restricted assets for Public Safety.
- Increase of \$1.5 million in restricted assets for enabling legislation.
- Increase of \$2.3 million in restricted assets for Impact Fees and Multi-Modal Fees.
- Increase of \$6.2 million in restricted assets for Wild Spaces Public Places.

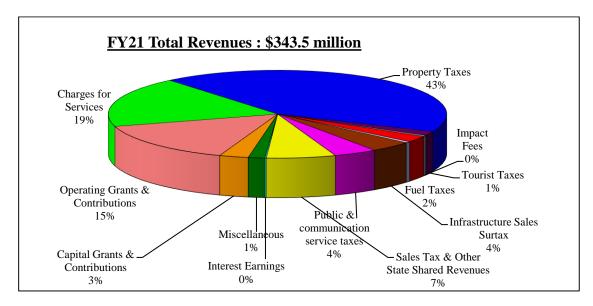

Unrestricted net position in the governmental type activities, increased by \$23.1 million, decreases in the net pension liability, decreases in deferred outflows for net pension liabilities, and increases in deferred inflows of resources for net pension liabilities.

The following charts show a graphical comparison of governmental revenues by source.

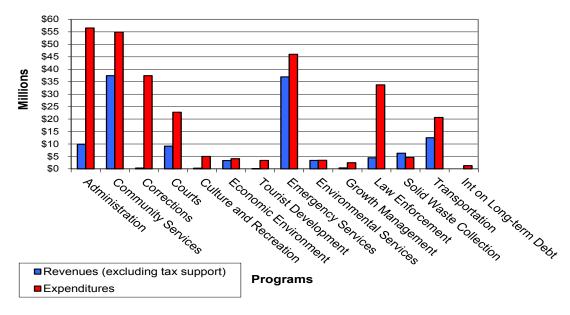

Governmental Activities

The County's total net position increased \$48.6 million over the previous year with an increase of \$47.2 million from governmental activities and an increase of \$1.4 million from business activities.

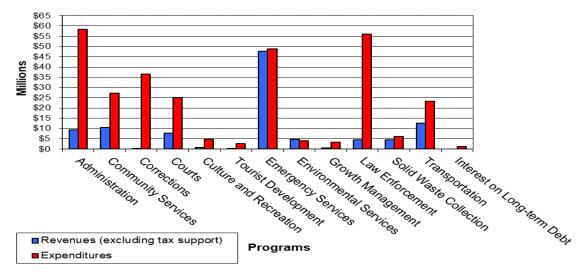

Major changes in revenues were caused by the following:

- Charges for services had a net increase of \$7.4 million. The primary component of this increase was
 increases in ambulance billing fees, public emergency medical transport fees and solid waste disposal
 fees.
- Operating grants and contributions increased by \$16.3 million or by 46.7%. A majority of this increase
 was due to recognition of the COVID-19 Economic Relief Fund grant from the CARES Act, Emergency
 Rental Assistance Program, and American Rescue Plan Act.

FY21 Expenses and Program Revenues - Governmental Activities

FY20 Expenses and Program Revenues - Governmental Activities

Major changes in expenses were caused by the following:

- Community Services expenses increased by 101.1% or \$27.6 million. The primary component of
 the increase in expenses was for one-time assistance provided to individuals, small businesses
 and non-profits through the COVID-19 Relief Fund established pursuant to the CARES Act,
 Emergency Rental Assistance Program, and American Rescue Plan Act.
- Law enforcement expenses decreased by 39.6% or \$22.2 million, due primarily to a decrease in Sheriff's share of the Florida Retirement System Net Pension Liability.
- Transportation expenses decreased by 11.2% or \$2.6 million. Expenses decreased because of grant funding that ended in the prior year.

Business-type Activities Expenditures Revenues Millions Solid Waste Disposal System Codes Enforcement

Business-Type Activities

Business-type activities increased the County's net position by \$1.4 million.

- The Solid Waste Transfer Station went into operation in 1999. The 27,520 square foot Transfer Station is operated by approximately 38 employees and has eight tractor-trailers, two grapples, and a front-end loader. Approximately 500-600 tons per day of household and commercial waste is hauled to the Transfer Station and ultimately routed to the New River Solid Waste Facility in Raiford, Florida. For the year, operating revenues came in above operating expenses by \$1.1 million. After accounting for non-operating revenues and transfers-in, the Transfer Station's net position increased by \$1 million.
- Building Inspection/Permitting furnishes services to the development community and citizens.
 Building Inspection/Permitting's operating revenues exceeded operating expenses by \$0.3 million in fiscal year 2021. Expenses decreased by \$2.2 million from previous fiscal year, this is due to Codes Enforcement department being moved into the County General Fund. Total permits issued in fiscal year 2021 were 7,581 versus 7,095 permits issued in fiscal year 2020.

Fund Financial Analysis

The County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds

The primary purpose of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources, available for spending, at the end of the fiscal year.

Alachua County, Florida Designations of Fund Balance

Fund balance designation: Nonspendable Restricted 134,264,699 Committed Assigned 50,943,077 Unassigned fund balance \$31,793,155	Total fund balance	\$ 218,487,964

	Committed	214,125
Unassigned fund balance \$ 31,793,155	Assigned	50,943,077
	Unassigned fund balance	\$ 31,793,155

As of the end of fiscal year 2021, the County's governmental funds reported combined unassigned ending fund balances of \$31.8 million, a decrease of \$6.7 million from the prior year. The decrease in unassigned fund balance from the prior year is primarily due to an increase in assigned fund balance for subsequent year's reserve for contingency.

Major Funds

The General Fund, Municipal Service Taxing Unit (Law Enforcement), Municipal Service Benefit Unit (Fire Protection), Career Source-Region 9, Gas Tax Uses, COVID-19 Relief, Emergency Services, Other Special Revenue, and Other Capital Projects are reported as major funds.

The General Fund is the chief operating fund of the County and consists of six sub-fund categories: BOCC County-Wide General Fund, Clerk of Court General Fund, Property Appraiser General Fund, Sheriff General Fund, Supervisor of Elections General Fund, and Tax Collector General Fund. The General Fund had an increase in fund balance of \$4.4 million. The total fund balance was \$59.2 million, of which \$31.9 million was unassigned. The cash & investment balance at the end of the year was \$52.2 million. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund operating revenues. The unassigned fund balance represents 17.85% of total actual FY21 General Fund operating revenue and 15.09% of projected FY22 operating revenues. The General Fund's spendable unrestricted fund balance (the sum of committed, assigned, & unassigned fund balance) totaled \$58.5 million and met the minimum fund balance recommendation of the Government Finance Officers Association which defines a minimum unrestricted fund balance of no less than two months of regular General Fund operating revenues or operating expenditures.

The MSTU - Law Enforcement Fund pays for the majority of the Sheriff's patrol in the unincorporated area of the County through transfers of \$21.2 million to the Sheriff. There was a slight increase in fund balance during the year of \$0.2 million. This increase was the result of expenses remaining consistent, with revenue coming in slightly above, resulting in an ending fund balance of \$2.8 million.

The MSBU - Fire Protection Fund provides firefighting and related services to citizens in the unincorporated area of the County. The fund has an ending fund balance of \$6.1 million, an increase of \$0.4 million dollars from the prior year. The increase was the result of revenues coming in higher than expenses. The ending fund balance represents 30.69% of the MSBU - Fire Protection Services operating revenue.

The CareerSource - Region 9 Fund accounts for the services provided by CareerSource North Central Florida. Those services include job searches, career support and training. Services are provided to the community at no cost. The County received \$3.3 million in Intergovernmental Revenue in the form of Federal Grants. The expenditures were consistent with the revenue at \$3.3 million.

The Gas Tax Uses Fund is the primary operating fund of the Public Works – Road & Bridge Department. The primary revenue source for this fund is fuel taxes as well as transfers-in which totaled \$4 million from unrestricted debt service collections on Gas Tax Revenue Bonds. This year \$9 million was spent on maintenance of County roads. Revenues and expenditures remained consistent with last fiscal year resulting in an ending balance of \$3.7 million.

The COVID-19 Relief Fund accounts for and administers Federal stimulus revenues received in connection with the CARES Act, American Rescue Plan Act, and Emergency Rental Assistance Program. The County recorded \$37 million in CARES funding for the period ended September 30, 2021. Through this fund, the County provided COVID-19 assistance to citizens, small businesses, and other government agencies totaling \$36.7 million, resulting in a zero fund balance.

The Emergency Services Fund accounts for revenues and expenditures of grant funds used for various emergency services within the County. The fund balance decreased by \$2.2 million form prior fiscal year, due to a decrease in federal grant revenue. The fund has an ending fund balance of \$4.5 million.

The Other Special Revenue fund has the voter approved tax referendum for Wild Spaces Public Places. The fund has an ending fund balance of \$36.9 million, an increase of \$7 million from the prior fiscal year. This is due to revenues coming in \$6.2 million over expenses.

The Other Capital Projects Fund accounts for impact fees, bond proceeds and other allocations for general facilities improvements. In August 2021, \$30 million Tourist Development Tax Revenue Note was issued to finance the construction of a multi-use sports event center. The fund has a total ending fund balance of \$39.9 million.

Proprietary Funds

The County's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail. The Solid Waste System fund is reported as a major fund.

The Solid Waste System fund is used to account for the operation of the County's off-site collection centers, recycling, transfer station and the monitoring and remediation activities of the County's closed landfills. The Solid Waste System operates like a business, where the rates established by the County generate sufficient funds to pay the costs of current operations and provide for long-term asset acquisitions. As required by the State Department of Environmental Protection, the County has set aside over \$3.4 million for long term care of the closed landfills. Total assets as of September 30, 2021 were \$25.4 million, of which \$10.8 million are capital assets, net of depreciation. Total liabilities were \$7.7 million. Net position increased by \$0.9 million (after transfers), resulting in an ending net position of \$15 million.

General Fund Budgetary Highlights

There was a slight increase between the General Fund's original and final budgeted operating revenues, excluding other financial sources.

The differences between the original and final General Fund budget for current operating expenditures included the following major adjustments:

- \$13 million carry forward of prior year purchase orders and mid-year fund balance adjustments.
- \$8 million unanticipated revenue (American Rescue Plan).
- \$1.5 million recognize revenue for the Public Emergency Medical Transportation Program.

General Fund actual revenues overall came in close to the final amended budgeted revenues. Actual operating expenditures overall were \$48.9 million less than was budgeted; this was primarily due to a \$9.2 million savings in public safety expenses, \$8.3 million savings in general government expenses, \$2.8 million savings in court cost expenses, and unused reserve for contingency balance of \$21 million.

Capital Asset and Debt Administration

Capital Assets

The County's investment in capital assets for its governmental and business-type activities as of September 30, 2021 totals \$605.6 million (net of accumulated depreciation) and includes land, buildings, improvements other than buildings, leasehold improvements, equipment, infrastructure, and construction in progress. The County experienced an overall increase in investment in capital assets over the prior fiscal year of approximately 4.23%.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES GOVERNMENTAL FUNDS

FOR THE YEAR ENDED SEPTEMBER 30, 2021

Net Change i	n Fund	Balances - 1	Γotal	Governmental	Funds
--------------	--------	--------------	-------	--------------	--------------

\$ 41,979,842

Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:

Governmental funds report capital purchases as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay expenditures of \$40,488,578 were more than depreciated \$(21,606,248) in the current period:

Total Governmental Activities Capital Outlay Expenditures (Remove Internal Service Capital Outlay Expenditures)	\$ 43,486,410 (2,972,930)	
Total Capital Outlay Expenditures Excluding Internal Service	40,513,480	
Donated Assets	6,417,006	
Total Governmental Activities Depreciation	(23,423,856)	
Remove Internal Service Depreciation	1,817,608	
Total Depreciation Excluding Internal Service	(21,606,248)	25,324,238

Governmental funds report sale of capital assets as financial resources; the loss on disposal of capital assets are not reflected in the fund statement:

Total Capital Outlay Loss per Capital Asset Schedule	(1,014,561)	
Remove Loss Internal Service	164,253_	
Total Capital Outlay Loss Excluding Internal Service	(850,308)	(850,308)

Repayments of bond, note, and capital lease principal are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

11,075,621

Issuance of debt provides current financial resources to governmental funds, but debt increases long-term liabilities in the statement of net position.

(45,849,999)

The net change in net pension liability, deferred outflows, and deferred inflows are reported in the statement of activities, but not in governmental funds:

Change in Pension Liabilities	155,034,049	
(Less Change Internal Service Pension Liabilities)	(3,838,126)	
Net Change in Pension Liabilities	151,195,923	
Change in Deferred Inflows	(111,178,445)	
(Less Change in Internal Service Deferred Inflows)	3,050,555	
Net Change in Deferred Inflows	(108,127,890)	
Change in Deferred Outflows	(27,609,446)	
(Less Change in Internal Service Deferred Outflows)	634,994	
Net Change in Deferred Outflows	(26,974,452)	16,093,581

Change in the deferred loss on refunding is not reported in governmental funds.

(157,392)

The accompanying notes are an integral part of the financial statements.

ALACHUA COUNTY, FLORIDA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES GOVERNMENTAL FUNDS

FOR THE YEAR ENDED SEPTEMBER 30, 2021

(Concluded)

The net change in net OPEB liability and deferred inflows are reported in the statement of activities, but not in the governmental funds:

Total Change in Net OPEB Liability (Less Change in Net OPEB Liability Internal Service) Net Change in OPEB Liabilities Change in Deferred Outflows (Less Change in Internal Service Deferred Outflows) Total Change in Deferred Outflows Change in Deferred Inflows Add: Change in Internal Service Deferred Inflows Total Change in Deferred Inflows	\$ (107,226) 69,987 (37,239) 1,745,453 (53,007) 1,692,446 (1,034,332) 30,144 (1,004,188)	\$ 651,019
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:		
Net Change in Compensated Absences (Less Change in Internal Service Fund) Net Change in Due to State of Florida Liability Net Change in Accrued Interest Payable Net Adjustment	(391,043) 20,992 (872,814) (137,181) (1,380,046)	(1,380,046)
Internal service funds are used by management to charge the costs of insurance, computer replacement, fleet services, and telephone services to individual funds. Total change in net position for internal service funds is reported with governmental activities.		1,318,106
Certain accrued revenues reported in the statement of activities are not considered available current financial resources and, therefore, are not reported as revenue in the governmental funds.		(875,627)
Prepaid items originally expensed in full, reclassified as an asset.		(93,108)

Note 1 - Summary of Significant Accounting Policies

A. Reporting Entity

Alachua County (the County) is a political subdivision of the State of Florida and is governed by a five-member elected Board of County Commissioners (Board) that derives its authority from the County Charter and Florida Statutes and regulations. In addition to the members of the Board, there are five elected Constitutional Officers: the Sheriff, Supervisor of Elections, Property Appraiser, Clerk of the Circuit Court, and Tax Collector. The Constitutional Officers, except for the Supervisor of Elections, maintain separate accounting records and budgets.

The Board funds the operations of both the Sheriff and the Supervisor of Elections. The Board, the Library District, the St. Johns River Water Management District and the Suwannee River Water Management District fund the operations of the Property Appraiser. The Clerk's duties as Clerk to the Board and Clerk of the County Court are funded from fees and charges authorized under Chapter 2009-61 and 2009-204 Laws of Florida and the Board. The Tax Collector's operations are funded by fees collected by the Officer.

The accompanying financial statements present the County (primary government) and its Component Units.

Discretely Presented Component Units

The government-wide financial statements include the financial data of the County's Component Units. They are included because if excluded the County's financial statements would be misleading. Two Component Units are discretely presented in the government-wide financial statements to emphasize their legal separation from the County. The following Component Units are included in the statements:

1. John A. H. Murphree Law Library

The John A. H. Murphree Law Library, a dependent special district established by Special Act (57-1118) during the 1957 Florida Legislative session, is a discretely presented component unit that benefits the Courts, County Officials, and the public at large. The Board of Trustees for the Law Library consists of one County Commissioner and several other local law community individuals. The Board of Trustees has full power and authority to establish, operate and maintain the Law Library. The Board of County Commissioners is authorized to appropriate other available funds for the use of the Law Library. There are no separately issued financial statements.

2. Alachua County Housing Finance Authority

The Alachua County Housing Finance Authority (Chapter 159.601, Florida Statutes), a dependent special district, is a discretely presented component unit that provides financing for low-income housing. The Authority is required to obtain Board approval for all its fiscal activities. The Authority is governed by a separate board and does not provide services exclusively to the County. There are no separately issued financial statements.

The fiscal year-end for both discretely presented component units is September 30.

Related Organizations

The Alachua County Library District (Chapter 98-502 as amended by 03-375, Laws of Florida) provides library system services and facilities for all citizens of Alachua County, Florida. The Alachua County Health Facilities Authority (Chapter 154.201, Florida Statutes) assists in financing health care facilities. The Alachua County Housing Authority (Section 421.27, Florida Statutes) assists in providing safe and sanitary dwelling accommodations to persons of low income. The Children's Trust of Alachua County (Ordinance No. 18-08) provides children's services throughout Alachua County. Alachua County is not able to impose its will on these organizations, and there is no financial benefit/burden relationship between these organizations and the County. Therefore, these organizations are not component units and are not included in the accompanying financial statements.

As of September 30, 2021, Alachua County had not participated in any joint ventures with any other governmental entities.

B. Government-Wide and Fund Financial Statements

The basic financial statements of the County are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

1. Government-Wide Financial Statements

Government-wide financial statements (the Statement of Net Position and the Statement of Activities) provide financial information on County government as a whole, except for fiduciary activities.

These statements include separate columns for the government and business-type activities of the primary government and its component units. As a general rule, effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to the general rule are interfund services provided and used between functions. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The Statement of Activities shows the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly related to a specific function or segment. *Program revenues* include: a) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and b) grants and contributions that are restricted to meeting specific requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major enterprise funds are reported as separate columns in the fund financial statements.

2. Fund Financial Statements

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue, and expenditures or expenses, as appropriate. Government resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the County's governmental, proprietary, and fiduciary funds are presented after the government-wide financial statements. These statements show information about major funds individually and non-major funds in the aggregate for governmental and enterprise funds. The fiduciary statement includes financial information for the custodial funds. The custodial funds of the County primarily represent assets held by the County in a custodial capacity for other individuals or governments.

The Governmental Accounting Standards Board (GASB) Statement 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a column in the fund financial statements and detailed in the supplemental information section.

Governmental Major Funds

<u>General Fund</u>—The General Fund is the general operating fund of the County. It is used to account for all financial resources not accounted for and reported in another fund. The County-wide General Fund is subdivided into the following 6 categories: Board of County Commissioners, Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector.

 $\underline{\textit{MSTU}-\textit{Law Enforcement}}$ —This fund was established September 9, 1976 by Alachua County ordinance 76-85 and 86. The fund was later split on October 1, 2002 by Alachua County ordinances 02-21, in accordance with Florida Statute 125.01 (1)(q), in order to segregate law enforcement services from other unincorporated services. It pays for the majority of the Sheriff's patrol in the unincorporated area of the County through transfers to the Sheriff.

<u>MSBU – Fire Protection</u>—This fund was established September 9, 1976 by Alachua County ordinance 76-85 and 86. The fund was later split in fiscal year 2003 and 2007 in order to segregate law enforcement services and MSTU Fire protection. On July 11, 2017, Alachua County ordinance 17-06 was adopted to create fire assessment. It provides firefighting and related services to citizens in the unincorporated area of the County.

<u>Career Source – Region 9</u>—This fund was established in FY2021, when the County became the Administrative Entity of the North Central Florida CareerSource, Local Workforce Development Board 9. This workforce board serves Alachua and Bradford counties, and offers a wide array or resources for Employers, Job-Seekers, Career Advising, and Training Programs.

<u>Gas Tax Uses</u>—This fund was established by the Alachua County Board of County Commissioners Resolution 00-85 in accordance with Florida Statute 336.025 to account for fuel tax revenues which are collected from the Local Option Gas Tax, Seventh Cent County Gas Tax and intragovernmental services charges disbursed to Alachua County to be expended in activities related to its transportation system. These activities include road and bridge maintenance, the Transportation Improvement Program, support for bus services for the disadvantaged, and fulfillment of related debt service requirements.

<u>COVID-19 Relief Fund</u>—This fund was established in FY2020 to account for and administer Federal stimulus revenues in connection with the COVID-19 public health emergency. Allowable payments from this fund cover expenses that are necessary expenditures incurred due to the COVID-19 public health emergency and were not accounted for in the most recently adopted budget.

<u>Emergency Services Fund</u>—This fund accounts for the revenues and expenditures of grant funds used for fire rescue, emergency management, E-911 and disaster relief. All services provided by the Fire Rescue Department are provided under the authority of the Alachua County Codes/Ordinances, Florida Statutes, adopted 2004 Fire/EMS Master Plan and 2012 Update, BOCC Fire Service Delivery Core Principals, and National Fire Protection Association (NFPA).

<u>Other Special Revenue Fund</u>—This fund accounts for revenues and expenditures not falling into other categories, including developer multi-modal mitigation fees, half-cent sales surtax proceeds for WSPP and donations made to the County.

<u>Other Capital Projects Fund</u>—The Other Capital Projects Fud is used to account for financial resources: (a) that are restricted or legally limited to specific capital expenditures, or (b) that the government has publicly expressed its intention to use for the acquisition or construction of major capital facilities and renovations (other than those financed by the proprietary fund types).

Enterprise Major Funds

<u>Solid Waste System</u>—This fund accounts for revenues and expenses associated with refuse/garbage disposal, recyclable reclaiming, care of closed of landfills, and collection activities outside the mandated designated Alachua County collection area.

Enterprise Non-Major Fund

<u>Building Inspections/Permitting</u>—This fund was established on October 1, 1998 to account for revenues and expenses associated with licenses, permits, fines and fees for services of the Department of Growth Management, Office of Codes Enforcement.

Other Fund Types

<u>Internal Service Funds</u>—Internal service funds account for services provided primarily to other departments of the County on a cost-reimbursement basis and include the Computer Replacement, Self-insurance, Fleet Management, Telephone Service, Vehicle Replacement and Health Insurance funds.

<u>Trust and Custodial Funds</u>—Trust and custodial funds are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals; examples are cash bonds, traffic fines, support payments, other postemployment benefits trust and ad valorem taxes.

Non-Current Governmental Assets/Liabilities

GASB Statement 34 requires non-current governmental assets, such as land and buildings, non-current governmental liabilities, such as general obligation bonds, and revenue bonds and capital leases, to be reported in the governmental activities column in the government-wide Statement of Net Position.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

1. Government-Wide Financial Statements

The government-wide financial statements, proprietary fund financial statements, and fiduciary fund financial statements, are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement 33, Accounting and Financial Reporting for Non-Exchange Transactions.

Program revenues include charges for services, special assessments, and payments made by parties outside of the reporting government's citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenses. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as another financing source. Amounts paid to reduce the County's long-term indebtedness are reported as a reduction of related liability, rather than as expenses.

The effect of interfund activity has been eliminated from the government-wide financial statements. The County chooses to eliminate indirect costs between governmental activities to avoid a doubling up effect.

2. Governmental Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Franchise fees, licenses, sales taxes, gas taxes, operating and capital grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable only when the County receives cash. Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of available spendable resources. Governmental funds operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types exclude amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or funds liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as another financing source rather than as a fund liability. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

3. Proprietary Fund Financial Statements

The County's enterprise funds and internal service funds are proprietary funds. In the fund financial statements, proprietary funds are presented using the accrual basis of accounting and the economic resources measurement focus. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities. Operating expenses include those costs associated with the principal activities of the funds; currently there are no non-operating expenses in the County's proprietary funds.

Amounts paid to acquire capital assets are capitalized as assets in the fund financial statements, rather than reported as expenses. Proceeds of long-term debt would be recorded as a liability in the fund financial statements, rather than as another financing source. Amounts paid to reduce long-term indebtedness would be reported as a reduction of the related liabilities, rather than as an expense. Currently, the proprietary funds carry no debt.

4. Fiduciary Fund Financial Statements

Fiduciary funds include trust funds and custodial funds. All trust funds use the economic resources measurement focus and accrual basis of accounting. The County has one trust fund – the Other Postemployment Benefits (OPEB) fund. Custodial funds also use an accrual basis of accounting.

D. Assets, Liabilities, Deferred Inflows/Outflows and Net Position

1. Cash and Equivalents

Cash and equivalents are defined as short-term highly liquid investments that are both readily convertible to known amounts of cash and have an original maturity of three months or less. This includes cash in banks, repurchase agreements with financial institutions, petty cash, cash with claims administrators, balances in the State Board of Administration Investment Pool, money market funds, certificates of deposit and US Treasury securities.

2. Investments

Investments for the County are reported at fair value.

3. Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as Due To/From Other Funds. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as Internal Balances.

Advances between funds, as reported in the fund financial statements, are offset by a fund balance designation in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

4. Inventories, Prepaid Items and Assets Held for Resale

Inventories, consisting primarily of expendable items (materials and supplies), are determined by physical count at the County's fiscal year-end and valued at cost on the basis of the first-in first-out method of accounting. Inventory shown in the governmental funds consists of fuel, veterinary and medical supplies, vehicle parts and road materials. Inventory and prepaid items are recorded as an expenditure when consumed (consumption method) rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Inventories and prepaid items are reported as non-spendable fund balance in governmental funds. Assets held for resale include homes rehabilitated through the Neighborhood Stabilization Program whose proceeds upon sale are used to purchase additional homes.

5. Restricted Assets

Certain funds of the County are classified as restricted assets on the Statement of Net Position because a restriction is either imposed by law through constitutional provisions or enabling legislation, or imposed externally by creditors, grantors, contributors, or laws or regulations of other governments. Therefore, applicable laws and regulations limit their use. It is the practice of the County to utilize restricted net position before unrestricted net position.

Certain Solid Waste System Enterprise Fund assets are required to be segregated from other current assets. These assets are legally restricted for specific purposes, such as landfill post-closure care. See Note 1.D.8.

6. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, right of ways, bridges, sidewalks, traffic signals, storm water drainage and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County defines capital assets to include items of a non-consumable nature with a value of at least \$5,000 and a life of more than one year. Software costing over \$100,000 with a life greater than one year is also capitalized.

Roads, bridges, traffic signals, and storm water basins constructed prior to October 1, 2000 are reported at estimated historical cost. Donated capital assets are recorded at estimated acquisition value at the time of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

The County's capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	<u>Years</u>
Buildings/Improvements	10-50
Equipment/Software	2-20
Infrastructure	10-50

7. Capitalization of Interest

GASB Statement No. 37 requires capitalization of bond issue interest costs during the construction period for proprietary activities. These costs are netted against applicable interest earnings on construction fund investments. During the current period, the County did not have any capitalized interest.

8. Landfill Post-Closure Care Costs

The County has adopted a policy based on U.S. Environmental Protection Agency rules and, in accordance with Florida Law, sets aside funds for the post-closure care costs of the County's closed landfills.

The County has no landfills that are currently accepting waste. Within the Solid Waste System Enterprise Fund, deposits are made to the fund's other cash and equivalents account for the purpose of complying with the escrow requirements of Rule 17-701.630, Florida Administrative Code. This rule requires the County to annually deposit funds in an interest-bearing escrow account for the purpose of funding the estimated landfill post-closure cost. This amount is represented as Restricted Assets on the Statement of Net Position. Per the above rule, an audited report is filed each year with the Florida Department of Environmental Protection.

The liability on the face of the statements is equal to the total estimated cost of post-closure care. The estimates are reviewed and adjusted each year for changes resulting from inflation, deflation, technology, or changes in applicable laws or regulations.

9. Unearned Revenue

If assets have been received by the County for services to be rendered in future periods, asset balances have been offset by an unearned revenue liability account.

10. Accrued Compensated Absences

The County accrues accumulated unpaid vacation and sick leave when earned by employees. The amount estimated to be used in the following fiscal year is the current amount. The amount estimated to be used in subsequent fiscal years is the non-current amount. The current and non-current amounts for government funds are maintained separately and represent a reconciling item between the fund and the government-wide presentations.

11. Obligation for Bond Arbitrage Rebate

Pursuant to Section 148(f) of the U. S. Internal Revenue Code, the County must rebate to the United States Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. The County uses the revenue reduction approach in accounting for rebatable arbitrage, which treats excess earnings as a reduction of revenue.

12. Bond Discounts/Premiums

Bond discounts and premiums associated with the issuance of governmental bonds are amortized according to the straight-line method. For financial reporting, unamortized bond discounts and premiums are netted against the applicable long-term debt.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

13. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for expenditure of monies are recorded in order to reserve that amount of the applicable appropriation, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures; encumbrances are reported as restricted, committed or assigned fund balances at year-end, depending on the level of constraint and are re-appropriated the following year.

14. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System Pension Plan and Health Insurance Subsidy Program and additions to/deductions from the plans' fiduciary net positions have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

15. Postemployment Benefits Other than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Alachua County OPEB Plan and additions to/deductions from Alachua County OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the Alachua County OPEB Plan. For this purpose, the Alachua County OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

16. Deferred Inflows/Outflows

Deferred outflows of resources are defined as a consumption of net assets by the government that is applicable to a future reporting period. Deferred inflows of resources are defined as an acquisition of net assets by the government that is applicable to a future reporting period. Deferred outflows of resources have a positive effect on net position, similar to assets, and deferred inflows of resources have a negative effect on net position, similar to liabilities. Notwithstanding those similarities, deferred outflows of resources are not assets and deferred inflows of resources are not liabilities and accordingly are not included in those sections of the statement of financial position.

17. Classifications of Fund Balances and Net Position

The County follows GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, which classifies fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. The fund balance classifications are described below:

- Non-Spendable Fund Balance The non-spendable fund balance classification includes amounts that cannot be spent because they are either: (a) not in spendable form, or (b) legally or contractually required to be maintained intact. Items included in this classification are not expected to be converted to cash.
- Restricted Fund Balance The restricted fund balance is defined as having restrictions: (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed Fund Balances are those that can only be used for specific purposes pursuant to constraints by formal action of the County's highest level of decision-making authority, which is an ordinance.
- Assigned Fund Balances are amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. Intent may be expressed by formal action of the BOCC, other than ordinances, or by the County Manager or acting administrative official as permitted by the BOCC's adopted Purchasing Policy.
- Unassigned Fund Balance Unassigned fund balance is the residual classification for the General Fund, the only fund that can report a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

The County's policy is to expend resources in the following order of priority: restricted, committed, assigned, and unassigned. It is the County's policy that unassigned fund balance of the General Fund, at fiscal year-end, not be less than 10% of the following year's projected operating revenue. In any fiscal year where the County is unable to maintain the minimum unassigned fund balance, the County shall reestablish the minimum amount over a 3-year period. During the reestablishment period, the County shall not appropriate any amounts of unassigned fund balance for the purpose of balancing the budget until the 10% minimum is reached.

Note 2 - Stewardship, Compliance, and Accountability

The County uses the following procedures in establishing the budgetary data reflected in the Required Supplementary Information and Supplementary Information sections of this financial statement.

- 1. The County adopts its budget in accordance with Chapters 129 and 200 of the Florida Statutes, the County Charter, and County Policy. The County and County Manager follow an internal hearing process to set the proposed tentative budget and millage. Public hearings are then held to adopt both a tentative budget and millage, and a final budget and millage, in accordance with Chapters 129 and 200, Florida Statutes.
- 2. Level of Control Expenditures may not exceed appropriations and are controlled in the following manner: The budget is controlled according to Chapter 129, Florida Statutes, at the total fund level. The County has adopted more stringent policies that control expenditures on the major category (Personal Services, Operating, Capital Outlay, Debt Service, Grants and Aids and Non-Operating) level within funds. The County, additionally, has adopted a Budget Amendment Policy that allows the County Manager to transfer budget amounts between departments within funds. The Board must authorize all budget changes between funds.
- 3. Budgets for the governmental and proprietary fund types are adopted on a basis consistent with generally accepted accounting principles.
- 4. Appropriations for the County lapse at the close of a fiscal year. Encumbered appropriations are reappropriated in the ensuing year's budget.
- 5. Budget for the Clerk's Fine and Forfeiture special revenue fund is approved by the Florida Clerk of Courts Operations Corporation and the Board. The Florida Department of Revenue approves the Property Appraiser's and the Tax Collector's respective budgets.
- 6. Formal budgetary integration is used as a management control device for all funds of the County.

Note 4 - Cash and Investments

The County, for accounting and investment purposes, maintains an internal investment pool that includes all the County's cash deposits and investments, except for those monies which are legally restricted to separate administration or are administered by other agencies. This gives the County the ability to invest large amounts of idle cash for short periods of time and maximize earning potential. Each fund's portion of the investment pool is displayed on the governmental funds balance sheet as "equity in pooled cash and investments."

Deposits and investments as of September 30, 2021, are classified in the accompanying financial statements as follows:

A. Cash Deposits

Deposits in banks and thrift institutions are collateralized as public funds through a state procedure provided for in Chapter 280, Florida Statutes. Financial institutions qualifying as public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits times the depository's collateral. The Public Deposit Security Trust Fund has a procedure to allocate and recover losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, Florida Statutes., no public depositor shall be liable for any loss thereof. The entire County's operating and Component Units cash deposits are placed with qualified financial institutions and are fully insured or collateralized.

B. Investments

The County has formally adopted investment policies for Operating Funds and Component Units as described below.

Operating Funds and Component Units Investment Policy

The County adopted the Operating Fund Investment Policy with Ordinance 95-8, which provides for the investment of surplus operating public funds in the following instruments, none of which shall be in the form of derivatives. The following types of investments are allowed by the policy:

- The State Board of Administration's Florida Local Government Investment Pool (Florida PRIME).
- Negotiable direct obligations, or obligations which are unconditionally guaranteed by the United States Government.
- Interest-bearing time deposits or savings accounts in certain financial institutions provided that any such deposits are secured by collateral as may be prescribed by law.
- Obligations of the Federal Farm Credit Banks, Federal Home Loan Mortgage Corporation, or Federal Home Loan Bank or its district banks, including Federal Home Loan Mortgage Corporation participation certificates, or obligations guaranteed by the Government National Mortgage Association.

Securities of or other interests in, any registered open-end or closed-end management type investment company or investment trust provided the portfolio of such investment company or investment trust is limited to obligations of the United States Government or any agency or instrumentality thereof and to repurchase agreements fully collateralized by such United States Government obligations and provided such investment company or investment trust takes delivery of such collateral either directly or through an authorized custodian.

Brief Description of each Investment Type (Primary Government)

Regions MMF (Fidelity Treasury Only Money Market Fund)—An open-end pool that seeks as high a level of current income as is consistent with the security of principal and liquidity. The Fund seeks to preserve and maintain a stable net asset value of \$1.00 per share. The Fund maintains a weighted average maturity of 60 days or less. This Fund is held in the trust department at Regions Bank and is also used as a sweep account for individual security transactions bought and sold by PFM Asset Management.

Florida Local Government Investment Trust—This is a short-term bond fund created in December 12, 1991 through the joint efforts of the Florida Court Clerks and Comptrollers and the Florida Association of Counties. It is the longest running member-owned and member-governed local government investment pool in the State of Florida. The fund is rated AAAf by Standard & Poor's. The fund is structured to maintain safety of principal and maximize available yield through a balance of quality and diversification.

Florida PALM (Term)—This is short-term investment program organized in 2010 to serve Florida Public agency investors. The program offers the ability for the County to invest in share of fixed-rate, fixed-term investments. The portfolio is rate AAAf by Fitch rating agency and invests in maturity dates up to one year. The program requires a minimum investment of \$1 million and allows for unlimited investments and redemptions (no notice period). The program has adopted operating procedures consistent with the requirements of GASB Statement No. 79 to measure its investments at amortized cost. Therefore, the County's investment in Florida PALM is at amortized cost.

State Board of Administration's Local Government Investment Pool (Florida PRIME Fund)—The State of Florida's Local Government Investment Pool is administered by the Florida State Board of Administration (SBA), which provides regulatory oversight. The powers and duties of the SBA are defined in Florida Statute 218.409. In addition, Chapter 19-7 of the Florida Administrative Code identifies the rules and regulations governing the administration of the State Pool. These rules provide guidance and establish the general operating procedures for the administration of the pool. The SBA provides regulatory oversight for the Florida PRIME Fund. As a pool participant, the County owns a share of the respective pool, not the underlying securities.

The Florida PRIME Fund is an external investment pool that has adopted operating procedures consistent with the requirements of GASB Statement No. 79 to measure its investments at amortized cost. Therefore, the County's investment in PRIME is at amortized cost.

During times of normal operations there are no restrictions on redemptions; however, upon the occurrence of an event that has a material impact on liquidity or operations of the Florida Prime Fund, the Executive Director may limit contributions to or withdrawals from Florida Prime for 48 hours, to ensure that the SBA can invest moneys entrusted to it in exercising its fiduciary responsibility.

Additional information on the Florida PRIME Fund may be obtained from the SBA (www.sbafla.com).

US Treasury, Federal Agencies and Municipal Bond Securities—The County contracts with PFM Asset Management LLC, (PFM) Independent Investment Advisor, to manage a portion of the operating portfolio. PFM is authorized to invest in US Treasury, Federal Agency, and Municipal bonds and notes on behalf of the County. At year-end, PFM directly managed \$123,568,761 (fair value) as disclosed in the credit risk section of this note.

Description of Component Unit Investment Holdings

The John A. H. Murphree Law Library and Alachua County Housing Finance Authority, the County's discretely presented component units, invest in the County's internal investment pool. Their investment balances at September 30, 2021 are \$55,866 and \$499,105, respectively, and the funds were invested in the Florida PRIME Fund. As participants in the internal investment pool the component units are subject to the same investment policy used for the County's operating funds.

Description of Fiduciary Asset Investment Holdings

The OPEB Trust invests with the Florida League of Cities' Florida Municipal Pension Trust Fund (FMPTF). The FMPTF is considered a Local Government Investment Pool (LGIP). The OPEB Trust owned shares in the LGIP at September 30, 2021 with a fair market value of \$2,522,891. The Tax Collector participates in the Florida Cooperative Liquid Asset Securities System (FLCLASS), which is an independent Local Government Investment Pool that operates under investment guidelines established by Sections 218.415, Florida Statutes. The Tax Collector investment balance at September 30, 2021 is \$549,375. The Clerk of the Court participates in the Florida Local Government Investment Trust, Day to Day Fund. The Florida Trust is an intergovernmental investment pool created by interlocal agreement under Florida Statue 163.01. The Clerk of the Court investment balance at September 30, 2021 is \$323,318.

Custodial Credit Risk – Deposits — Deposits are exposed to custodial credit risk if they are not covered by depository insurance and they are uncollateralized with securities held by the pledging financial institution's trust department or agent, but not in the County's name.

The County's operating investment policy requires that bank deposits be secured as provided by Chapter 280, Florida Statutes. This law requires local governments to deposit funds only in financial institutions designated as qualified public depositories by the Chief Financial Officer of the State of Florida, and creates the Public Deposits Trust Fund, a multiple financial institution pool with the ability to assess its member financial institutions for collateral shortfalls if a default or insolvency has occurred. At September 30, 2021, all County and Component Units bank deposits were in qualified public depositories and collateralized by the Bureau of Collateral Securities, Division of the Treasury, State Department of Insurance.

Custodial Credit Risk – Investments—Investment securities are exposed to custodial credit risk if they are uninsured and are not registered in the name of the government and are held by either the counterparty or by the counterparty's trust department or agent but not in the government's name.

The County's operating investment policy requires execution of a third-party custodial safekeeping agreement for all purchased securities, and requires that securities be held in the County's name. As of September 30, 2021, all securities are held in Region Bank's trust department in the County's name.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County's operating investment policies have a provision that the investment (excluding 2a7-like pools) be rated by a nationally recognized rating agency at the time of purchase in either of its two highest rating categories (within which there may be sub-categories or gradations indicating relative standing). This policy applies to the County's operating investments and investments of the component units.

Interest Rate Risk - Investments—Section 218.415(6), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The County has a formal investment policy for operating surplus funds that limits investment maturities to two years as a means of managing its exposure to fair value losses from increasing interest rates. Investment of non-operating funds, including bond reserves can have maturities that do not exceed ten years. Below is a detailed investment schedule organized by investment type, amount, and segmented time distribution:

		3 Months -					
Investment	 Fair Value	0-3	Months		1 Year		>1 Year

Concentration of Credit Risk—The County's adopted investment policy requires that assets held are diversified to control the risk of loss resulting from over-concentration of assets in a specific maturity, issuer, instrument, dealer, or bank through which these instruments are bought or sold. The County places no limit on the amount the County may invest in any one issuer. Diversification strategies within the established guidelines are reviewed and revised periodically as necessary by the appropriate management staff. The County held investments greater than 5% in the following investment categories:

	Percentage of Total
Category	Cash and Investments
Corporate Note (PFM)	8.35%
Federal Home Loan Bank Notes	6.96%
Asset-Backed Security (PFM)	6.22%

C. Restricted Cash and Investments

The following chart illustrates cash and investments restricted by bond covenants or used to fund post-closure of the landfill, including the funding of cash reserve requirements as a result of bond issuer downgrades:

Total Restricted Cash and Investments	\$ 8,294,041	\$ 2,652,586

D. Fair Value Measurements

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The County relied on a third party company to obtain fair value quotes for all investments. Level 2 inputs were based on a matrix pricing model used to value the County's investments based on the investments' relationship to benchmark quoted prices. The following table summarizes the County's assets (and liabilities) as of September 30, 2021, for which fair values are determined on a recurring basis:

Note 5 - Property Tax

A. Real Property Taxes

First certification was done October 9, 2020, with final certification on July 8, 2021. Property taxes receivable were reported in the General fund, Municipal Services Taxing Unit fund, Municipal Services Benefit Unit fund, Stormwater Management Fund, Debt Service fund, Tourist Development sub-fund, Land Conservation fund and the Solid Waste fund as Due From other funds (Constitutional Officer-Tax Collector). Chapter 197, Florida Statutes, governs property tax collections.

B. Property Tax Calendar

Property tax calendar and pertinent assessment/lien information is as follows:

- 1. January 1 All taxes become a first lien, superior to all other liens.
- 2. July 1 The Property Appraiser completes assessment and certifies the taxable value to the County.
- 3. August 5 The County certifies to the Property Appraiser the amount of taxes intended to be levied for both operations and debt service.
- 4. September (1-30) The County holds its final budget hearings and adopts the tax levy for the ensuing fiscal year.
- 5. November 1 Taxes become due and payable before March 31.
- 6. April 1 All unpaid taxes become delinquent.
- 7. June 1 The Tax Collector sells tax certificates on all delinquent real estate parcels.
- 8. June (1-30) The Tax Collector disburses proceeds of the tax certificate sale to the taxing authorities.
- 9. Prior to April 30 of the tax year following delinquency, warrants are ratified on unpaid Tangible Personal Property taxes.

C. Real Property Delinquent Tax Process

- 1. April 1 Unpaid taxes become delinquent.
- 2. April 1 May 31 A list of delinquent parcels is advertised in a local newspaper. The owner can pay the tax due plus an interest charge of 3%, plus advertising fees if applicable.
- 3. June 1 If the owner has not paid, the Tax Collector sells a tax certificate on the parcel(s). Tax Certificates are sold for the amount of tax due on the property plus the advertising costs, interest due, and a 5% commission to the Tax Collector (= the "Face Amount"). When the certificate is redeemed, the Tax Certificate holder then receives the face amount plus additional interest. Proceeds of the tax certificate sale are distributed to taxing authorities by the end of June.

D. Other Information Regarding Sale of Tax Certificates

- 1. Alachua County will hold any unsold certificates (for later sale if possible).
- 2. Property owners redeem certificates by paying the Tax Collector the tax certificate amount plus interest and fees; the Tax Collector then pays the certificate holder.
- 3. After two years, holders of unredeemed certificates may apply for a tax deed. In order to obtain a tax deed the property is offered at public auction with the minimum bid being the amount of the outstanding taxes and certificates on the property, plus additional fees. Any excess over this amount is applied against any other liens and then given to the property owner upon application.
- 4. The tax certificate expires on any unsold property after 7 years.

E. Tangible Personal Property Delinquent Tax Process

- 1. Prior to April 30 of the tax year following delinquency the Tax Collector will file a lawsuit. The Clerk of the Court will notify taxpayers by certified mail.
- 2. If the property owner does not pay, a Circuit Judge will ratify tax warrants allowing property to be seized and sold for taxes.

F. Property Tax Payment and Distribution

- 1. Discounts for early payment of property tax are allowed in the following manner:
 - 4% for November Payments
 - 3% for December Payments
 - 2% for January Payments
 - 1% for February Payments
- 2. The Tax Collector is required to distribute tax proceeds to taxing authorities promptly in order to provide cash for operations. Fiscal year 2021 distributions were made as follows:
 - November and December 2 distributions each month
 - All other months 1 distribution each month

Note 7 - Interfund Receivables, Payables and Transfers

A. Interfund Balances

Interfund balances as of September 30, 2021, consisted of the following:

	Interfund Receivable		Interfund Payable		
Interfund Balances					
Governmental Funds:					
General Fund	\$	5,668,776	\$	2,290,012	
MSTU Law Enforcement		92,336		-

E. Demand Bonds

The County has no demand bonds.

F. Conduit Debt Obligations

From time to time, the County has issued Health Facility Revenue Bonds, Industrial Development Revenue Bonds and Housing Finance Authority Multi-family Housing Bonds to provide financial assistance to private-sector entities for the acquisition and construction of health care, industrial facilities, and multi-family housing deemed to be in the public interest. These bonds are secured by

the financed property and are payable solely from the payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance.

There is no obligation on the part of the County, the State, or any political subdivision for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of September 30, 2021, there were seventeen series of Health Facility Revenue Bonds outstanding, with an aggregate principal amount payable of \$1,013,134,103, one series of Industrial Development Bonds outstanding, with an aggregate principal amount payable of \$2,640,225, and six series of Housing Finance Authority Multi-family Housing Bonds, with an aggregate principal amount payable of \$45,134,613.

G. Landfill Post-Closure Care Obligation

The County's Southwest Landfill's liability for fiscal year 2021 is \$2,644,311, a decrease of \$229,940 from the prior fiscal year. For other County landfills closed prior to 1985 and not subject to State law requirements, the County records a liability of \$837,398, an increase of \$90,657 from last fiscal year. See Note 1.D.8. for more information.

Note 9 - Employee Benefits

A. State of Florida Pension Plans

Defined Benefit Plans

The County participates in two defined benefit pension plans that are administered by the State of Florida, Department of Management Services, Division of Retirement. The plans provide retirement, disability or death benefits to retirees or their designated beneficiaries. Chapter 121, Florida Statutes, establishes the authority for benefit provisions. Changes to the law can only occur through an act of the Florida Legislature. The State of Florida issues a publicly available financial report that includes financial statements and required supplementary information for the plans. That report may be obtained by writing to the Division of Retirement, PO Box 9000, Tallahassee, Florida, 32315-9000 or by calling (850) 488-6491.

The Florida Retirement System (FRS) Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan with a Deferred Retirement Option Program (DROP) available for eligible employees. The FRS was established and is administered in accordance with Chapter 121, Florida Statutes. Retirees receive a lifetime pension benefit with joint and survivor payment options. FRS membership is compulsory for employees filling regularly established positions in a state agency, county agency, state university, state community college, or district school board, unless restricted from FRS membership under Sections 121.053 or 121.122, Florida Statutes, or allowed to participate in a defined contribution plan in lieu of FRS membership. Participation by cities, municipalities, special districts, charter schools and metropolitan planning organizations is optional.

The Retiree Health Insurance Subsidy (HIS) Program is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with Section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. To be eligible to receive a HIS benefit, a retiree under one of the state administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

Benefits Provided

Benefits under the FRS Pension Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned.

Eligible retirees and beneficiaries receive a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to Section 112.363, Florida Statutes.

Contributions

The contribution requirements of plan members and the County are established and may be amended by the Florida Legislature. Employees are required to contribute 3.00% of their salary to the FRS. The County's contribution rates as of September 30, 2021, were as follows:

	FRS	HIS
Regular Class	9.16%	1.66%
Special Risk	24.23%	1.66%
Senior Management Service Class	27.35%	1.66%
Elected Officials	49.76%	1.66%
DROP from FRS	16.68%	1.66%

The County's contributions for the year ended September 30, 2021, were \$16,746,776 to the FRS and \$1,933,538 to the HIS.

Pension Liabilities and Pension Expense

At September 30, 2021, the County reported a liability for its proportionate shares of the net pension liabilities. The net pension liabilities were measured as of June 30, 2021. The total pension liabilities for the FRS Pension Plan were determined by an actuarial valuation dated July 1, 2021 and the total pension liabilities for the HIS Program were determined by an actuarial valuation dated July 1, 2020. The County's proportions of the net pension liabilities were based on the County's share of contributions to the pension plans relative to the contributions of all participating entities, actuarially determined.

		FRS	HIS		Total

Deferred outflows of resources related to employer contributions paid subsequent to the measurement date and prior to the employer's fiscal year end will be recognized as a reduction of the net pension liability in the subsequent reporting period. Other pension-related amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Actuarial Assumptions

The pension liability for each of the defined benefit plans was measured as of June 30, 2021. The total pension liability was determined by an actuarial valuation dated July 1, 2021 for the FRS Pension Plan and July 1, 2020 for the HIS Program. Both plans use the entry age normal actuarial cost method and the following significant actuarial assumptions:

	FRS	HIS
Inflation	2.40%	2.40%
Salary Increases	3.25%	3.25%
Discount Rate	6.80%	2.16%
Investment Rate of Return	6.80%	N/A

Mortality assumptions for both plans were based on the Generational PUB-2010 with Projection Scale MP-2018.

For both plans, the actuarial assumptions were based on the results of an actuarial experience study that was completed for the period July 1, 2013, through June 30, 2018.

The following changes in actuarial assumptions occurred in 2021:

■ HIS—The municipal bond index rate and the discount rate used to determine the total pension liability decreased from 2.21% to 2.16%.

The long-term expected rate of return was not based on historical returns, but instead was based on forward-looking capital market economic model. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. For the FRS Pension Plan, the table below summarizes the consulting actuary's assumptions based on the long-term target asset classification.

			Compound	
		Annual	Annual	
	Target	Arithmetic	(Geometric)	Standard

Strategic Investments	3.70%	5.70%	5.40%	8.40%
	100.00%			

Discount Rate

The discount rate used to measure the total pension liability for the FRS Pension Plan was 6.80% and consisted of two building block components: 1) a real return of 4.3% and 2) a long-term average annual inflation assumption of 2.4%. The 6.8% rate of return assumption is reasonable and appropriate per Actuarial Standards of Practice.

The discount rate used for calculating the total HIS pension liability is equal to the single rate that results in the same actuarial present value as would be calculated by using two different discount rates for the discount at the long-term expected rate of return for benefit payments prior to the projected depletion of the fiduciary net pension (trust assets) and the discount at a municipal bond rate for benefit payments after the projected depletion date. Because the HIS Program is essentially funded on a pay-as-you-go basis and the depletion date is considered to be immediate, the single municipal bond rate of 2.16% was used to determine the total pension liability for the program. The Bond Buyer General Obligation Bond 20-Bond Municipal Bond Index was used as the applicable municipal bond index.

Sensitivity Analysis

The following tables demonstrate the sensitivity of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the County's proportionate share of the net pension liability if the discount rate was 1.00% higher or 1.00% lower than the current discount rate.

_			FRS						HIS		
	Current Discount				Current Discount						
	1% Decrease		Rate		1% Increase	1% Increase (1.16%)				1% Increase (3.16%)	
_	(5.80%)		(6.80%)		(7.80%)						
Employer's Proportionate Share of the Net Pension Liability	\$ 141,280,248	\$	31,592,711	\$	(60,095,607)	\$	45,390,122	\$	39,261,522	\$	34,240,504

Pension Plans' Fiduciary Net Position

Detailed information about the pension plans' fiduciary net position is available in the State's separately issued financial reports.

Defined Contribution Plan

Pursuant to Chapter 121, Florida Statutes, the Florida Legislature created the Florida Retirement Investment Plan (FRS Investment Plan), a defined contribution pension plan qualified under Section 401(a) of the Internal Revenue Code. The FRS Investment Plan is an alternative available to members of the Florida Retirement System in lieu of the defined benefit plan. There is a uniform contribution rate covering both the defined benefit and defined contribution plans, depending on membership class. Required employer contributions made to the plan during the year ended September 30, 2021, totaled \$1,273,701.

B. Other Postemployment Benefits Plan

<u>Plan Description</u> – County employees are provided with OPEB through the Alachua County OPEB Plan, a cost-sharing multiple employer defined benefit OPEB Plan administered by the Alachua County Board of County Commissioners (the County). The County can amend the benefit provisions provided by the OPEB Plan. The County established the Alachua County OPEB Trust, a qualifying trust, with the adoption of resolution 08-104. A separate stand-alone financial statement for the OPEB Plan is not prepared.

<u>Benefits Provided</u> - The OPEB Plan provides postemployment life insurance benefits, as well as, both an explicit and implicit health insurance subsidy for retirees and eligible dependents of the Clerk of Court, Supervisor of Elections, Property Appraiser, Sheriff, Tax Collector, Library District, and County.

The life insurance benefit is provided at no charge to retirees. The life insurance benefit is \$15,000 for all retirees under the age of 65 and \$5,000 for retirees age 65 and older.

An explicit monthly health insurance subsidy is provided to retirees with at least 6 years of service who retire and begin receiving benefits from the Florida Retirement System (FRS) or the Library District Pension Plan (LDPP). Retirees must maintain health care coverage after employment to be eligible for the subsidy. The amount of the monthly subsidy is based on the number of years of total service with the County and is equal to three dollars a month for each year of service. The minimum monthly subsidy is \$18 and the maximum monthly subsidy is \$90 for employees that retire with 30 or more years of service.

Additionally, in accordance with Florida Statutes 112.0801, currently, active County employees who retire and immediately begin receiving benefits from FRS have the option of paying premiums to continue in the County's Self-funded Health Insurance Plan at the same group rate as active employees. The retiree pays 100% of the blended group rate premium therefore receiving an implicit subsidy.

<u>Contributions</u> - The contribution requirements of plan members and the participating employers are established and may be amended by the County. The County's required contribution, actuarially determined, is based on a combination of projected pay-as-you-go financing, with an additional amount to prefund benefits when earned. Contributions are not based on a measure of pay. The County's actuarially determined contribution for the year ended September 30, 2021, was \$1,152,031. Actual contributions to the OPEB Plan from the County were \$1,967,000 for the year ended September 30, 2021. County retiree plan members receiving benefits contributed to pay-as-you-go financing through their required contributions of \$662 per month for retiree-only coverage, \$1,582 per month for retiree and spouse coverage and \$2,230 per month for family coverage.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB – At September 30, 2021, the County reported a liability of \$11,334,991 for its proportionate share of the net OPEB liability. The net OPEB liability was determined by a simplified actuarial valuation as of September 30, 2021. The County's proportion of the net OPEB liability was based on the County's eligible OPEB participants in the OPEB Plan as compared to the total OPEB participants of all employers. At September 30, 2021, the County's proportion of net OPEB liability was 90.96%.

For the year ended September 30, 2021, the County recognized OPEB expense of \$1,334,853. At September 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources			Deferred Inflows of
				Resources
Differences Between Expected and Actual Experience	\$	1,930,150	\$	(219,851)
Changes of Assumptions or Other Inputs		773,806		(945,690)
Net Difference Between Projected and Actual Investments		17,314		(235,115)
Total	\$	2,721,270	\$	(1,400,656)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending September 30,	 Amount
2022	\$ 110,012
2023	111,163
2024	102,506
2025	106,334
2026	161,955
Thereafter	 728,644
Total	\$ 1,320,614

<u>Actuarial Methods and Assumptions</u> – The total OPEB liability in the September 30, 2021, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Inflation Rate	2.0%
Projected Annual Salaries Increase	3.5%
Investment Rate of Return	9.40%, based on expected long-term rate of
	return where assets are projected to cover all
	future benefit payments.
Healthcare Cost Trend Rate	7.25% initial year reduced 0.25% each year
	until reaching ultimate trend rate of 4.0%
Mortality	PUB-2010 generational table scaled using MP-
	2020 and applied on a gender-specific basis

An actuarial experience study has not yet been performed for the plan.

The long-term expected rate of return is based on plan investments where assets are projected to cover all future benefit payments. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Target	Rate of Return
Asset Class	Allocation	(with Inflation)
Broad Market HQ Bond Fund	16.40%	2.27%
Core Plus Fixed Income	15.30%	2.94%
Diversified Large Cap	25.40%	16.08%
Core Real Estate	7.90%	6.50%
Diversified Small to Mid Cap	13.90%	16.99%
International Blend	20.90%	7.77%
Cash (T-Bill)	0.20%	0.00%
Total	100.00%	=

<u>Discount Rate</u> – The discount rate used to measure the total OPEB liability was 9.40%. The discount rate is based on the expected long-term rate of return on plan investments where assets are projected to cover all future benefit payments.

<u>Sensitivity of the Net OPEB Liability to Changes in the Discount Rate</u> - The following presents the County's proportionate share of the net OPEB liability, as well as what the Library's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percent lower (8.40%) or 1 percent point higher (10.40%) than the current discount rate:

			Current	
	1% Decrease	0	iscount Rate	1% Increase

Net OPEB Liability	\$ 12,584,348	\$	11,334,991	\$ 10,253,446

<u>Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate</u> - The following presents the County's proportionate share of the net OPEB liability, as well as what the County's proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percent lower (5.00%) or 1 percent point higher (7.00%) than the current healthcare cost trend rates:

C. Accrued Compensated Absences

County employees are entitled to accrue sick and vacation time in accordance with the County's personnel regulations or a collective bargaining agreement. Maximum accruals are shown on the following chart.

	Vacation/PTO Accrual	Vacation/PTO Termination	Sick Leave Accrual
	Maximum	Pay Maximum	<u> Maximum</u>
Board of County Commissioners (Including			
Supervisor of Elections)			
40 Hours/Week (Hired Before April 1, 2011)	280 Hours	280 Hours	No Maximum
56 Hours/Week (Hired Before April 1, 2011)	392 Hours	392 Hours	No Maximum
40 Hours/Week (Hired Before March 31, 2011)	240 Hours	240 Hours	1,000 Hours
56 Hours/Week (Hired Before March 31, 2011)	336 Hours	336 Hours	1,400 Hours
Clerk of the Circuit Court	1320 Hours	760 Hours	Not Applicable
Property Appraiser	280 Hours	240 Hours	No Maximum
Tax Collector	No Maximum	No Maximum	No Maximum
Sheriff	280 Hours	280 Hours	No Maximum

Terminating employees with 10 years of service will be paid for half of unused sick time.

The County records a liability for compensated absences of \$19,510,753 on the Statement of Net Position for Governmental Activities and \$520,547 for Business-Type Activities. In the Government-wide presentation, compensated absences are accrued in the period they are earned. For the adjusted liabilities at the end of the year, a determination was made for current and non-current amounts. Accrued compensated absences are not recorded for any accruals over the maximum.

D. Deferred Compensation Plan

The County offers employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The County complied with the requirements of subsection (g) of IRC Section 457 and, accordingly, all assets and income of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries.

Deferred compensation amounts withheld from participating employee's pay are not taxable as current income until withdrawn from the plan. Annual contributions by a participant may not exceed \$19,500. There is an "age 50 catch-up" provision that allows an additional \$6,500 contribution from the year the employee reaches age 50 until the employee terminates employment.

E. Component Units Employment

The Component Units' employees have the same benefits as the Board of County Commissioners' employees.

Note 10 - Risk Management and Conventionally Insured Claims and Losses

The County is self-insured for risk management and employee group health insurance in two internal service funds maintained by the Board of County Commissioners. The following two sections and the disclosures required by GASB Statement 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues are provided below.

A. Risk Management Claims and Losses

The County has established a risk management program to cover claims against the Board and Constitutional Officers for the following types of risk:

- General Liability (self-insured up to a limit of \$200,000)
- Workers Compensation (self-insured up to limit of \$250,000)
- Automobile Liability (self-insured up to limit of \$200,000)
- Public Officials Liability (self-insured up to limit of \$100,000)
- EMS Professional Liability
- Lawyers Professional Liability
- Employment Practices Liability (self-insured up to limit of \$100,000)

The County has authorized a commercial third party administrator to administer the County's automobile, general liability and workers' compensation claims. There have been no significant reductions in insurance coverage from prior years. In instances where insurance has been purchased, no settlements have exceeded coverage for each of the past three fiscal years.

The estimated liability for self-insured losses is based on reported claims, historical loss data, industry statistics for claims incurred but not reported, and a valuation performed by an independent actuary as of July 31, 2021 projecting to September 30, 2021, and the prior year as of July 31, 2020 projecting to September 30, 2020:

Fiscal Year	ims Liability, nning of Fiscal	Claim	urrent Year s and Changes	Claim	Cla	aims Liability, End
 FISCAL YEAR	 Year	III	<u>Estimates</u>	 Payments		OI FISCAI YEAR
2020	\$ 4,736,168	\$	1,484,185	\$ (523,657)	\$	5,696,696
2021	5,696,696		1,734,434	(2,003,672)		5,427,458

For fiscal year 2021, the margin for the risk of adverse deviation was accrued at a 75% confidence level. Florida Statutes provide for local government tort immunity and a claims bill process. Our actuarial estimates do not include a provision for liabilities arising from claims bills except to the extent such claims are included in the loss history of Alachua County. The County's Actuary determined a portion of the claims liability that would be expected to be paid within one year and the accompanying financial statements reflect that by showing a current and a long-term liability.

All funds of the County including the Constitutional Officers of the County participate in the Risk Management Self-Insurance Fund. Payments to the Self-Insurance Fund are assessed based on actuarial estimates needed to pay prior and current year claims and to establish a reserve for catastrophic losses.

B. Conventionally Insured Claims and Losses

The County retains conventional insurance coverage on all other types of insurable risks. These costs are also accounted for in the Self-Insurance Fund.

C. Employee Group Health Insurance

The County provides group health insurance for its employees, their eligible dependents and eligible retirees. On October 1, 2005, the County established an employee group health self-insurance plan to account for and finance its uninsured risks of loss. The County entered into an administrative services agreement with a commercial insurance carrier to provide administrative support for this plan. Under this plan, the County purchases stop-loss insurance with the individual deductible per covered unit of \$225,000 with no individual lifetime reimbursement maximum. All claims are paid through the group health insurance plan. Claims in excess of the \$225,000 individual deductible are reimbursed by the County's excess insurance carrier.

All County employees may participate in the employee group health insurance including all Constitutional Officer employees and Component Unit employees of the Murphree Law Library. In addition, the Alachua County Library District employees may participate in the plan. Payments to the employee group health insurance plan are assessed based on actuarial estimates of the amounts needed to pay current year claims and to establish a "reserve" (i.e. net position or equity) for catastrophic losses and to fund the retiree other post employee benefit. The employee group health insurance plan net position was \$15,319,984 at September 30, 2021.

The claims liability reported in the fund at September 30, 2021, for the employee group health insurance plan was \$1,761,179. This amount was the actuarially determined claims liability based on the requirements of GASB Statement 10, which specifies that a liability for claims should be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and that the amount of the loss can be reasonably estimated. These claims liability amounts are all considered to be due within one year and are classified as current liabilities in the accompanying financial statements. During fiscal year 2021, changes recorded to the claims liability for the employee group health insurance plan were as follows:

Fiscal Year	aims Liability, inning of Fiscal Year	Cla	Current Year aims and Changes in Estimates	 Claim Payments	CI	aims Liability, End of Fiscal Year
2020 2021	\$ 1,325,002 1,235,663	\$	20,970,209 23,634,815	\$ (21,059,548) (23,109,299)	\$	1,235,663 1,761,179

D. Sheriff's Risk Management

For health insurance, the Sheriff participates in the risk management program established by the Board to cover claims against the Board and Constitutional Officers. The Sheriff also participates in the Florida Sheriffs' self-insurance fund for risk related to workers' compensation, auto and general liability insurance. For the past three years, there have been no insurance settlements significantly in excess of insurance coverage.

Note 11 - Indirect Costs

The County's indirect costs consist of allowable administrative costs allocated to the Enterprise Funds, Internal Service Funds, various Federal and State Grants, and Special Revenue Funds. The County's indirect cost plan is developed annually based on the prior year's actual expenditures. Some adjustments are required due to specific Federal grant allowances or other legal limitations. For the fiscal year ended September 30, 2021, the following was charged:

Indirect Cost Charged	Fund	Project Name

Indirect costs between governmental activities have been eliminated in the government-wide financial statement presentation.

Note 12 - Other Required Individual Fund and Compliance Disclosures

A. Excess of Expenditures over Appropriations

Each fiscal year the Clerk of Court is statutorily required to return excess fees to the State. For fiscal year 2021, the Fine and Forfeiture fund had excess fees of \$344,547. After posting the year-end entry to record the excess fees, expenditures in the Fine and Forfeiture Fund exceeded total appropriations by \$269,441. The statutory requirement to return excess fees is a one-time obligation. No additional corrective action is planned.

B. Excess of Expenditures Over Revenue in the Budget Column

Certain funds show an excess of expenditures over revenue in the budget column of the Statement of Revenue, Expenditures and Changes in Fund Balances, Budget and Actual. This excess is due to the use of fund balance (which is not reported in the budget or variance column) during the fiscal year.

C. Future Accounting Pronouncements

The Governmental Accounting Standards Board has issued statements that will become effective in the upcoming fiscal years. The statements address:

- Leases
- Construction Interest
- Subscription-Based Information Technology Arrangements

The County is currently evaluating the effects that these statements will have on its future financial statements.

Note 13 - Commitments and Contingencies

A. Commitments

- (1) Non-capitalized leases -
 - (a) The County is leasing equipment, office space and electronic data processing equipment under leases that are cancelable under certain circumstances. These leases are accounted for as operating leases.

(b) Rental costs for the year ended September 30, 2021, under cancelable leases are summarized as follows:

Fund Charged	 Amount
General Fund	\$ 2,270,894
Special Revenue Funds	1,413,468
Enterprise Fund	25,376
Internal Service Funds	 64,147
Total	\$ 3,773,885

(c) The Tax Collector is leasing various equipment under renewable annual operating leases. During the year ended September 30, 2021, the lease payments on all operating leases were \$17,750. In addition, the Tax Collector is leasing various data transport services for network and voice connectivity to their remote locations. During the year ended September 30, 2021, the lease payments on all data transport service leases were \$30,677. The Tax Collector also has a ten-year renewable lease agreement for a Tag Office on Archer Road. During the year ended September 30, 2021, lease payments for office and storage space totaled \$211,257.

Future minimum lease payments for non-cancellable operating leases for the Tax Collector as of September 30, 2021, are as follows:

Fiscal Year	Amount		
2022	\$	282,745	
2023		254,532	
2024		239,582	
2025		235,092	
2026		197,352	
2027-2031		300	
Total	<u>\$</u>	1,209,603	

- (d) The Sheriff is leasing equipment and office space under leases, which are cancelable under certain circumstances. During the fiscal year ended September 30, 2021, the lease payments on all operating leases amounted to approximately \$189,803.
- (2) Operating Leases The County leases the following properties under renewable annual operating leases:

B. Contingencies

(1) Risk Management contingencies are discussed in Note 10.

(2) Grant Funding

The County participates in a number of federally and state assisted programs that are subject to program compliance audits. For the year ended September 30, 2021, the County's financial statements are subject to single audits as required by Title 2 U.S. Code of Federal Regulations Part 200 (Uniform Guidance) and the *Florida Single Audit Act*. It is the opinion of management that no material liabilities will result from such audits.

(3) Pending Litigation

The County is contingently liable with respect to lawsuits and other claims incidental to the ordinary course of its operations. In the opinion of County management, based on the advice of legal counsel, the ultimate disposition of these lawsuits and claims will not have a material adverse effect on the financial position of the County.

(4) Employee benefits are discussed in Note 9.

(5) Solid Waste System

The County owns four closed landfills including the Southwest Landfill. If contamination levels were to increase in these landfills, the County could be liable for remediation actions. The remediation costs could range between \$0 and \$3 million depending on the severity of contamination detected and the number of landfill site(s) contaminated.

Note 14 - Related-Party Transactions

The Alachua County Housing Authority is a related organization of Alachua County. Alachua County has contracted with the Alachua County Housing Authority to administer and distribute funds for housing rehabilitation and temporary relocation from the Community Development Block Grant, the Neighborhood Stabilization Program and the State Housing Initiative Partnership Program.

The Alachua County Library District is a related organization of Alachua County. The County Attorney provides legal services and the Clerk provides accounting and treasury services to the Library District. Three of the Alachua County Board of County Commissioners serve on the Library Governing Board.

The Children's Trust of Alachua County is a related organization of Alachua County. The County Attorney provides legal services and the Clerk provides accounting and treasury services to the Children's Trust of Alachua County. One of the Alachua County Board of County Commissioners serves on the Children's Trust Board.

Note 15 - Change in Accounting Principles

During the year ended September 30, 2021, the Board of County Commissioners and the Constitutional Officers adopted new accounting guidance by implementing the provisions of GASB Statement No. 84, *Fiduciary Activities*, which establishes criteria for identifying and reporting fiduciary activities. In accordance with GASB Statement No. 84, liabilities in custodial funds are recognized when an event has occurred that compels the government to disburse the resources held in a fiduciary capacity. If further action, authorization, or condition is required to compel the Board of County Commissioners and Constitutional Officers to disburse funds at year-end, the amounts are reported as net position. The Board of County Commissioners and Constitutional Officers have restated the beginning net position in the statement of fiduciary net position as a result of the change in recognition of liabilities as follows:

Net Position, October 1, 2020, as Previously Reported	\$ -
Change in Accounting Principle	 7,667,145
Net Position, October 1, 2020, as Restated	\$ 7,667,145

Note 16 - Subsequent Events

Wild Spaces Public Places

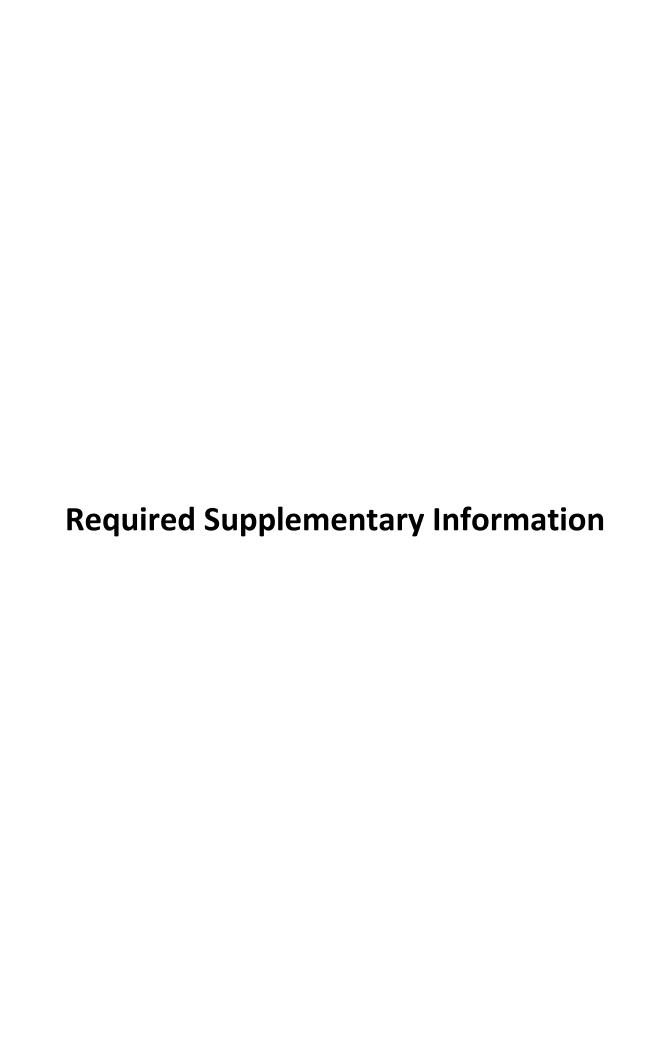

The County purchased conservation land after September 30, totaling \$17 million dollars, with Wild Spaces Public Places revenue.

■ Lake Santa Fe – Jefferson Parcel ■ Lake Santa Fe – Butler Parcel

■ Santa Fe River – Hitchcock Parcel

CareerSource

The County reached a settlement with the Florida Department of Economic Opportunity (DEO) for \$872,814. This settlement came from monitoring report requiring repayment of specific disallowed cost from DEO funded programs prior to the restructuring of CareerSource to provide for AE services by County staff.

ALACHUA COUNTY, FLORIDA NOTES TO SCHEDULES OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES – BUDGET AND ACTUAL FOR THE YEAR ENDED SEPTEMBER 30, 2021

Revenue and expenditures in governmental funds are controlled by a formal integrated budgetary accounting system in accordance with Florida Statutes. An annual budget is adopted by the Alachua County Board of County Commissioners for all governmental fund types.

Alachua County's annual budgets are monitored at varying levels of classification detail. However, for purposes of budgetary control, expenditures cannot legally exceed the total annual budget appropriations at the individual fund level. All appropriations, except for amounts corresponding to outstanding encumbrances, lapse at year-end.

Original and amended budgets, as well as budget to actual comparisons are provided in the financial statements for all governmental funds. The amended budget amounts presented have been adjusted for legally authorized amendments of the annual budget during the year by the Alachua County Board of County Commissioners. Budgets are prepared on the modified accrual (GAAP) basis of accounting.

The County-wide General Fund is comprised of the following six sub-funds: Board of County Commissioners, Clerk of Court, Property Appraiser, Sheriff, Supervisor of Elections and Tax Collector. In order to comply with generally accepted accounting principles, both the budgeted and actual intra-fund activity between these sub-funds has been consolidated in order to eliminate inflated amounts in the aggregated financial statements of the County-Wide General Fund. Detail by sub-fund showing eliminations can be found in the Supplementary Information section starting on page 104.

INTERNAL SERVICE FUNDS DESCRIPTIONS

COMPUTER REPLACEMENT (500)—This fund provides for purchases of some of the County's computer equipment and software. The fund purchases the equipment and charges the user departments a lease payment for their equipment over the expected useful life of the equipment.

SELF INSURANCE (501)—This fund provides insurance coverage for general liability, property damage, workers compensation, and malpractice to the County and its employees. The County is self-insured, but does purchase policies for additional coverage for property, boiler and machinery, excess workers compensation and other specific liability coverage. Departments are billed annually for amounts based on a risk allocation cost study which considers such factors as losses incurred for workers compensation, auto and general liability, internal and external operating costs, and other insurance coverage.

FLEET MANAGEMENT (503)—This fund provides all repairs and maintenance for the County's vehicles and other heavy equipment. Departments and outside agencies are billed for fuel, parts and labor on a monthly basis.

TELEPHONE SERVICE (504)—This fund was established to account for the revenues and expenses related to the County's telephone system. This fund is supported by the billing of these services to those entities that utilize and receive the benefit of these services.

VEHICLE REPLACEMENT (506)—This fund provides vehicles to user departments, e.g., Codes Enforcement, Administrative Services, Public Safety, Public Works, etc. The fund purchases vehicles and in turn charges the user department a lease payment.

HEALTH INSURANCE (507)—This fund was established in fiscal year 2005 as a clearinghouse account for all health insurance payments for the County. Beginning fiscal year 2006 the County became self-insured for employee group health insurance coverage.

FIDUCIARY FUNDS DESCRIPTIONS

CUSTODIAL FUNDS

Board of County Commissioners

Work Release Trust (602)—To collect and account for the cash, receipts and disbursements of work release participants. Individual resident account records are maintained and there are no commissary sales to these residents. On a monthly basis, 50% of a resident's earnings are charged to their respective accounts for room and board.

Combination Custodial Fund (603)—To account for unclaimed tax refunds, unclaimed tax certificates, tax deed overbids, unclaimed evidence money and any unclaimed payables that are held in trust for claimants.

Tax Collector

Custodial Fund—This fund is used to account for resources held in a purely custodial capacity.

Clerk of the Court

General Trust—This fund is a central clearing account for monies received, and the receipt and disbursement of fines and service charges.

Domestic Relations—This fund accounts for the collection and disbursement of court-ordered alimony and child support payments that are not administered by the State Depository Unit (SDU).

Registry of Court—This fund accounts for the collection and disbursement of deposits required by circuit and county court legal actions.

Jury and Witness—This fund accounts for the receipt and disbursement of funds to jurors and witnesses on behalf of county and state agencies.

Cash Bonds—Accounts for funds received from defendants of criminal and civil arrests required to assure that the defendant would meet the requirement to appear in court. Disposition of these bond funds is made as ordered by the court.

Sheriff

Individual Depository—Accounts for fees charged for the service of process in civil cases. These non-refundable fees are set by Section 30.231 of the Florida Statutes. The costs of executing enforceable writs are also handled through this fund. On a monthly basis, these fees are remitted to the Board of County Commissioners.

Suspense—Accounts for the receipt and disbursement of funds received from various sources such as purges for child support, transportation, restitution, miscellaneous service contracts, proceeds from court-ordered sale of abandoned property, etc. Disbursement of these funds is made in accordance with the purpose of the receipt and any balance remaining is remitted monthly to the Board of County Commissioners.

Evidence Trust—Accounts for funds held for safekeeping relating to evidentiary matters.

Inmate Trust—Accounts for inmates' cash receipts and disbursements. Individual inmate account records are maintained and commissary sales recorded. This fund makes disbursements from individual accounts as requested by the inmates to the extent of their available funds.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Board of County Commissioners and Constitutional Officers
Alachua County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Alachua County, Florida (the County), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 21, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the report of the Property Appraiser as 2021-01, 2021-02, and 2021-03. The items disclosed in the report of the Property Appraiser are not considered to be material to the County-wide financial statements and are not, therefore, presented here.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND IN ACCORDANCE WITH CHAPTER 10.550, RULES OF THE AUDITOR GENERAL

The Honorable Board of County Commissioners and Constitutional Officers
Alachua County, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited Alachua County, Florida's (the County) compliance with the types of compliance requirements described in the OMB Compliance Supplement and in the Florida Department of Financial Services' State Projects Compliance Supplement that could have a direct and material effect on each of the County's major federal programs and state projects for the year ended September 30, 2021. The County's major federal programs and state projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards and state assistance applicable to its federal programs and state projects.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and Chapter 10.550, *Rules of the Auditor General.* Those standards, the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General,* require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state financial assistance project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND IN ACCORDANCE WITH CHAPTER 10.550, RULES OF THE AUDITOR GENERAL

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program and State Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2021.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state financial assistance project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH FLORIDA STATUTE SECTION 218.415 – INVESTMENTS OF PUBLIC FUNDS

The Honorable Board of County Commissioners and Constitutional Officers
Alachua County, Florida

We have examined Alachua County, Florida's (the County) compliance with Section 218.415, Florida Statutes during the fiscal year ended September 30, 2021. Management is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the County complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the County complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material non-compliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the County's compliance with specified requirements.

In our opinion, the County complied, in all material respects, with the aforementioned requirements during the fiscal year ended September 30, 2021.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Board of County Commissioners of Alachua County, Florida, and its management, and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT LETTER

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the County has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the County did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the County. It is management's responsibility to monitor the County's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by the same.

Section 10.554(1)(i)(2), Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific Information

The specific information below has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

As required by Section 218.39(3)(c), Florida Statues, and Section 10.554(1)(i)6, Rules of the Auditor General, the John A. H. Murphree Law Library reported:

- The total number of district employees compensated in the last pay period of the district's fiscal year as 1.
- The total number of independent contractors to whom non-employee compensation was paid in the last month of the district's fiscal year as 0.
- All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as \$18,300.
- All compensation earned by or awarded to non-employee independent contractors, whether paid or accrued, regardless of contingency as \$0.

The Honorable Board of County Commissioners and Constitutional Officers
Alachua County, Florida

MANAGEMENT LETTER

- There were no construction projects with a total cost of at least \$65,000 approved by the district that is scheduled to begin on or after October 1 of the fiscal year being reported.
- A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the district amends a final adopted budget under Section 189.016(6), Florida Statutes, as (\$5,876).

As required by Section 218.39(3)(c), Florida Statues, and Section 10.554(1)(i)6, Rules of the Auditor General, the Alachua County Housing Finance Authority reported:

- The total number of district employees compensated in the last pay period of the district's fiscal year as 0.
- The total number of independent contractors to whom non-employee compensation was paid in the last month of the district's fiscal year as 0.
- All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as \$0.
- All compensation earned by or awarded to non-employee independent contractors, whether paid or accrued, regardless of contingency as \$0.
- There were no construction projects with a total cost of at least \$65,000 approved by the district that is scheduled to begin on or after October 1 of the fiscal year being reported.
- A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the district amends a final adopted budget under Section 189.016(6), Florida Statutes, as \$19,010.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate non-compliance with provisions of contract or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

INDEPENDENT AUDITOR'S REPORT

The Honorable J.K. Irby Clerk of Courts Alachua County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the office of the Alachua County, Florida Clerk of Courts (the Clerk of Courts) as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Clerk of Courts' financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITOR'S REPORT

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Clerk of Courts as of September 30, 2021, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Incomplete Presentation

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the major funds and the aggregate remaining fund information of Alachua County that is attributable to the Clerk of Courts. They do not purport to, and do not, present fairly the financial position of Alachua County as of September 30, 2021, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Change in Accounting Principle

As described in Note 1 to the financial statements, the Clerk of Courts adopted Governmental Accounting Standards Board No. 84, *Fiduciary Activities*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Clerk of Courts' financial statements. The combining statement of fiduciary net position and the combining statement of changes in fiduciary net position of the custodial funds, as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from, and relates

The Honorable J.K. Irby Clerk of Courts Alachua County, Florida

INDEPENDENT AUDITOR'S REPORT

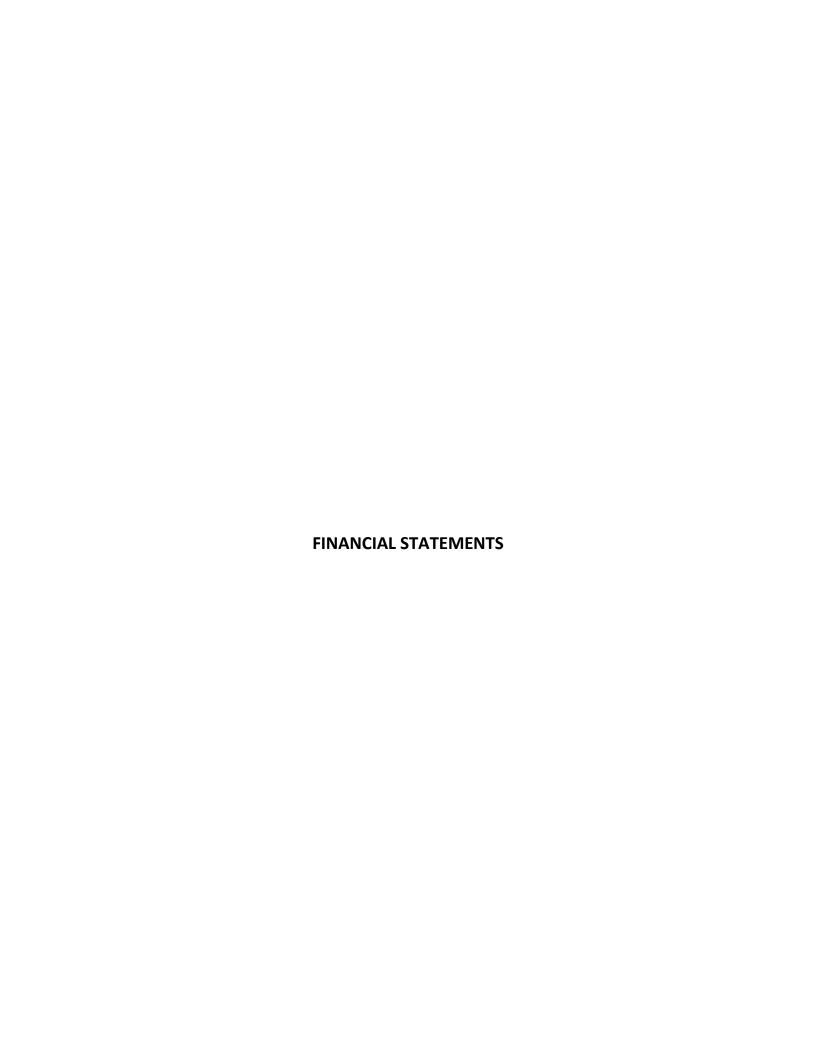

directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 9, 2022, on our consideration of the Clerk of Courts' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clerk of Courts' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clerk of Courts' internal control over financial reporting and compliance.

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the office of the Alachua County Clerk of Courts (the Clerk of Courts) conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

Reporting Entity

The Clerk of Courts is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law. The Clerk of Courts is an integral part of Alachua County (the County), which is the primary government for financial reporting purposes.

Basis of Presentation

The Clerk of Courts' financial statements are special purpose financial statements that have been prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). These special purpose financial statements are the fund financial statements required by generally accepted accounting principles. However, these fund financial statements do not constitute a complete presentation because, in conformity with the Rules, the Clerk of Courts has not presented the government-wide financial statements, reconciliations to the government-wide financial statements or management's discussion and analysis. Also, certain notes to the financial statements may supplement rather than duplicate the notes included in the County's county-wide financial statements.

Fund Accounting

Accounts are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The focus of fund financial statements is on major funds, each displayed in a separate column.

The Clerk of Courts reports the following major governmental funds:

General Fund—The General Fund is the primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund.

Fine and Forfeiture Fund—The Fine and Forfeiture Fund is primarily used to account for and report court-related revenues and associated expenditures used exclusively to fund the Clerk of Courts' court functions.

Public Records Trust Fund—The Public Records Trust Fund is primarily used to account for and report additional service charges and fines required by Section 28.24 and Section 28.37, Florida Statutes, legally restricted for modernization of public records, technology improvements, and program enhancements of the court-related functions of the Clerk of Courts.

The Clerk of Courts also reports the following fiduciary funds:

Custodial Funds—The Custodial Funds are used to account for assets held in a fiduciary capacity.

Fund Balance

The Clerk of Courts follows the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the Clerk of Courts is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

Fund balances are described below:

Non-Spendable Fund Balances—Non-Spendable Fund Balances are amounts that cannot be spent because they are either: (a) not in spendable form; or (b) legally or contractually required to be maintained intact.

Restricted Fund Balances—Restricted Fund Balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balances—Committed Fund Balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the Clerk of Courts' highest level of decision-making authority, which is a policy of the Clerk of Courts. Committed amounts cannot be used for any other purpose unless the Clerk of Courts removes those constraints by taking the same type of action.

Assigned Fund Balances—Assigned Fund Balances are amounts that are constrained by the Clerk of Courts' intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by: (a) the constitutional officer; or (b) a body or official to which the constitutional officer has delegated the authority to assign amounts used for specific purposes.

The Clerk of Courts' policy is to expend resources in the following order: restricted, committed, assigned, and unassigned.

Measurement Focus/Basis of Accounting

All governmental funds are accounted for on a current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Their operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets and, accordingly, are said to present a summary of sources and uses of "available spendable resources" during a period.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Clerk of Courts considered revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, principal and interest on long-term debt are recognized when due.

The Custodial Funds are accounted for using an economic resource measurement focus and accrual basis of accounting thus requiring a resource flow statement. Liabilities are recognized when an event occurs that compels the Clerk to disburse fiduciary resources, which is when a demand for resources has been made or when no further action, approval or condition is required to be taken or not by the beneficiary to release the assets.

Capital Assets and Long-term liabilities

Because of the current financial resources measurement focus, the accompanying fund financial statements do not report capital assets or long-term liabilities. Such amounts are instead reported in the government-wide financial statements of the County.

Equity of Pooled Cash and Equivalents

The Clerk of Courts maintains a cash and equivalents pool that is available for use by all funds. Each fund's portion of this pool is displayed on the balance sheet as "Equity in Pooled Cash and Equivalents." If a fund overdraws its account in the pool, a liability and corresponding receivable (i.e., due to/from other funds) are reported on the balance sheet.

Cash and Equivalents are defined as those resources which can be liquidated without delay or penalty. This includes cash in banks, petty cash, and allocated balances in State Board of Administration (SBA) accounts.

Investments

The Clerk of Courts has adopted an investment policy pursuant to Section 218.415, Florida Statutes. Accordingly, the Clerk of Courts is authorized to invest excess public funds in the Local Government Surplus Funds Trust Fund (the State Pool) or any intergovernmental investment pool; Securities and Exchange Commission registered money market funds with the highest credit quality rating; certificates of deposits and savings accounts in state-certified qualified public depositories; direct obligations of the U.S. Treasury and federal agencies and instrumentalities. The policy also authorizes investments in repurchase agreements, fixed income mutual funds and the Florida Counties Investment Trust.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

Change in Accounting Principles

During the year ended September 30, 2021, the Clerk adopted new accounting guidance by implementing the provisions of GASB Statement No. 84, *Fiduciary Activities*, which establishes criteria for identifying and reporting fiduciary activities. In accordance with GASB Statement No. 84, liabilities in custodial funds are recognized when an event has occurred that compels the government to disburse the resources held in a fiduciary capacity. If further action, authorization, or condition is required to compel the Clerk to disburse the funds at year-end, the amounts are reported as net position. GASB Statement No. 84 requires that changes adopted to conform to the provisions of the statement be applied retroactively. The implementation of this statement has resulted in changing the presentation of the financial statements by including accruals and ending net position to custodial funds not previously required. Beginning net position has been restated to reflect this change.

	 Custodial Funds

Previously Reported	\$ -			
Change in Accounting Principle	 7,273,940			
Net Position, October 1, 2020 as Restated	\$ 7,273,940			

Note 2 - Deposits and Investments

Deposits

All deposits of the Clerk of Courts are placed in a bank that qualifies as a public depository pursuant to the provisions of the *Florida Security for Public Deposits Act*. Every qualified public depository is required by this law to deposit with the Chief Financial Officer eligible collateral equal to, or in excess of, an amount to be determined by the Chief Financial Officer. The Chief Financial Officer is required to ensure that all funds are entirely collateralized throughout the fiscal year.

Investment in State Pool (Florida PRIME)

The Clerk of Courts invests surplus funds in the SBA's local Government Surplus Funds Trust Fund (Florida PRIME). The Florida PRIME is administered by the Florida SBA, who provides regulatory oversight. The powers and duties of the SBA are defined in Florida Statute 218.409. In addition, Chapter 19-7 of the Florida Administrative Code identifies the rules and regulations governing the administration of the Florida PRIME. These rules provide guidance and establish the general operating procedures for the administration of the pool.

The Florida PRIME is an external investment pool that meets all of the necessary criteria to elect to measure all of the investments in Florida PRIME at amortized cost. Therefore, the Clerk of Courts' investment in the Florida PRIME is reported at amortized cost. The fair value of the position in the pool is equal to the value of the pool shares. The Florida PRIME is rated by Standard and Poor's and has a rating at September 30, 2021, of AAAm. The weighted average maturity (WAM) of the Florida PRIME at September 30, 2021, was 49 days. The weighted average life (WAL) for Florida PRIME at September 30, 2021, is 64 days. Such investments are classified as "Equity in Pooled Cash and Equivalents" and "Investments" in the accompanying financial statements.

Florida PRIME was not exposed to any foreign currency risk during the period October 1, 2020 through September 30, 2021.

As of September 30, 2021, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit participants' access to 100 percent of the account value.

Investment in Florida Trust Day to Day Fund

The Clerk of Courts invests surplus funds in the Florida Local Government Investment Trust Day to Day Fund. This is a money market product created in January 2009 as part of the Florida Local Government Investment Trust, a local government investment pool, developed through the joint efforts of the Florida Court Clerks and Comptrollers and the Florida Association of Counties. The fund is rated by Fitch and is governed by the same board and advisory committee that oversees the Florida Local Government Investment Trust. The fund seeks to preserve and maintain a stable net asset value of \$1.00 per share. The weighted average maturity of Florida Trust Day to Day Fund at September 30, 2021, was 48 days. Additional information on this fund may be obtained from Florida Trust website at www.floridatrustonline.com.

As of September 30, 2021, the Clerk of Courts' cash and cash equivalents and investments consisted of the following:

Note 4 - Risk Management

The Clerk of Courts participates in the risk management program established by the Board of County Commissioners to cover claims against the Board and Constitutional Officers. The risk management program is accounted for in the Board's financial statements as an Internal Service Fund, in accordance with requirements of GASB 10.

Note 5 - Pension and Postemployment Benefits Other than Pension Benefits

Florida Retirement System (FRS) Pension Benefits

The Clerk participates in the FRS to provide benefits to its employees. A detailed plan description and any liability for employees of the Clerk are included in the financial statements of the County.

Postemployment Benefits Other than Pensions

The Clerk of Courts participates in the plan established by the Board of County Commissioners to provide other postemployment benefits to retirees of the Board and Constitutional Officers. A detailed plan description and any liability for employees of the Clerk of Courts is included in the financial statements of the County.

Notes to Schedule

Pursuant to Section 28.36, Florida Statutes, the budget is subject to the *General Appropriations Act* of the Florida Legislature, and is prepared on a basis that does not differ materially from generally accepted accounting principles. The fund is the legal level of control. All excess of revenues over expenditures is required by Statute to be reverted to the Clerk of Court Trust Fund. The negative variance is due to revenues exceeding expenditures by amounts greater than budgeted and is not considered to be non-compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable J.K. Irby Clerk of Courts Alachua County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the office of the Alachua County, Florida Clerk of Courts (the Clerk of Courts), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Clerk of Courts' financial statements, and have issued our report thereon dated March 9, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Clerk of Courts' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk of Courts' internal control. Accordingly, we do not express an opinion on the effectiveness of the Clerk of Courts' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Clerk of Courts' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES – INVESTMENTS OF PUBLIC FUNDS

The Honorable J.K. Irby Clerk of Courts Alachua County, Florida

We have examined the office of the Alachua County, Florida Clerk of Courts' (the Clerk of Courts) compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2021. Management of the Clerk of Courts is responsible for the Clerk of Courts' compliance with the specified requirements. Our responsibility is to express an opinion on the Clerk of Courts' compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Clerk of Courts complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Clerk of Courts complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material non-compliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Clerk of Courts' compliance with specified requirements.

In our opinion, the Clerk of Courts complied, in all material respects, with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, for the year ended September 30, 2021.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Clerk and management, and the Board of County Commissioners of Alachua County, Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

MANAGEMENT LETTER

The Honorable J.K. Irby Clerk of Courts Alachua County, Florida

Report on the Financial Statements

We have audited the financial statements of the office of the Alachua County, Florida Clerk of Courts (the Clerk of Courts) as of and for the year ended September 30, 2021 and have issued our report thereon dated March 9, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Reports on examinations conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated March 9, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such information is included in Note 1 to the financial statements.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendation to improve financial management. In connection with our audit, we did not have any such recommendations.

INDEPENDENT AUDITOR'S REPORT

The Honorable Clovis Watson, Jr. Sheriff Alachua County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the major fund and the aggregate remaining fund information of the office of the Alachua County Sheriff (the Sheriff) as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Sheriff's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITOR'S REPORT

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major fund and the aggregate remaining fund information of the Sheriff as of September 30, 2021, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Incomplete Presentation

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the major fund and the aggregate remaining fund information, only for that portion of the major fund, and the aggregate remaining fund information, of Alachua County that is attributable to the Sheriff. They do not purport to, and do not, present fairly the financial position of Alachua County as of September 30, 2021, and the changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Change in Accounting Principle

As described in Note 1 to the financial statements, the Sheriff adopted Governmental Accounting Standards Board No. 84, *Fiduciary Activities*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Sheriff's financial statements. The combining balance sheet of the non-major governmental funds, combining statement of revenues, expenditures, and changes in fund balances of the non-major governmental funds, the combining statement of fiduciary net position of the custodial funds and the

combining statement of changes in fiduciary net position of the custodial funds, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from, and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining balance sheet of the non-major governmental funds, combining statement of revenues, expenditures, and changes in fund balances of the non-major governmental funds, the combining statement of fiduciary net position of the custodial funds and the combining statement of changes in fiduciary net position of the custodial funds are fairly stated in all material respects in relation to the special purpose financial statements as a whole.

Other Reporting Required Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 4, 2022, on our consideration of the Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Sheriff's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sheriff's internal control over financial reporting and compliance.

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the office of the Alachua County Sheriff (the Sheriff) conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

Reporting Entity

The Sheriff is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law.

The Sheriff is an integral part of Alachua County, which is the primary government for financial reporting purposes.

Basis of Presentation

The Sheriff's financial statements are special purpose financial statements that have been prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). These special purpose financial statements are the fund financial statements required by generally accepted accounting principles. However, these fund financial statements do not constitute a complete presentation because, in conformity with the Rules, the Sheriff has not presented the government-wide financial statements, reconciliations to the government-wide financial statements, or management's discussion and analysis. Also, certain notes to the financial statements may supplement rather than duplicate the notes included in the County's county-wide financial statements.

Fund Accounting

Accounts are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to, and accounted for in, individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The focus of fund financial statements is on major funds, each displayed in a separate column. All non-major funds are aggregated and displayed in a single column.

The Sheriff reports the following major governmental fund:

General Fund—The General Fund is the primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund.

The Sheriff also reports the following fiduciary fund:

Custodial Funds—Custodial Funds are used to account for assets held in a custodial capacity.

Fund Balance

The Sheriff follows the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the Sheriff is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

The fund balance classifications specified in GASB Statement No. 54 are as follows:

Non-Spendable Fund Balance—Non-spendable fund balances are amounts that cannot be spent because they are either: (a) not in spendable form; or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance—Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance—Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the Sheriff's highest level of decision-making authority, which is a policy of the Sheriff. Committed amounts cannot be used for any other purpose unless the Sheriff removes those constraints by taking the same type of action.

Assigned Fund Balance—Assigned fund balances are amounts that are constrained by the Sheriff's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by: (a) the Sheriff; or (b) a body or official to which the Sheriff has delegated the authority to assign amounts to be used for specific purposes.

Unassigned Fund Balance—Unassigned fund balance is the residual classification for the General Fund.

The Sheriff's policy is to expend resources in the following order: unassigned, restricted, committed, and assigned.

Measurement Focus/Basis of Accounting

All governmental funds are accounted for on a current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Their operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets and, accordingly, are said to present a summary of sources and uses of "available spendable resources" during a period. Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. Revenues are considered to be available when they are collectable within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considered revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, principal and interest on long-term debt are recognized when due.

The Custodial Funds are accounted for using an economic resource measurement focus and accrual basis of accounting requiring a resource flow statement. Liabilities are recognized when an event occurs that compels the Sheriff to disburse fiduciary resources, which is when a demand for resources has been made or when no further action, approval or condition is required to be taken or not by the beneficiary to release the assets.

Inventory

Inventory is valued at cost (first-in, first-out) and consists of expendable supplies held for consumption in course of the operations of the office. It is accounted for using the "consumption" method. An offsetting "non-spendable fund balance" is reported to indicate that the asset is not in spendable form.

Unearned Revenue

Unearned revenue represents amounts collected for permits that are effective in a future period.

Capital Assets and Long-Term Liabilities

Because of the current financial resources measurement focus, the accompanying fund financial statements do not report capital assets or long-term liabilities. Such amounts are instead reported in the government-wide financial statements of the County.

Allowance for Uncollectibles

Accounts receivable of the False Alarm Reduction Fund is reported net of an allowance for uncollectible accounts of \$122,796. The allowance, which is based on collection estimates, represents approximately 68% of the gross false alarm accounts receivable at September 30, 2021.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

Note 2 - Deposits

All deposits of the Sheriff are placed in a bank that qualifies as a public depository pursuant to the provisions of the Florida Security for Public Deposits Act. Every qualified public depository is required by this law to deposit with the State eligible collateral equal to, or in excess of, an amount to be determined by the State. The State is required to ensure that all funds are entirely collateralized throughout the fiscal year.

Note 3 - Fund Balance Classifications

Note 5 - Risk Management

For health insurance, the Sheriff participates in the risk management program established by the Board of County Commissioners to cover claims against the Board and Constitutional Officers. The risk management program is accounted for in the Board's financial statements as an Internal Service Fund, in accordance with the requirements of GASB Statement No. 10.

The Sheriff also participates in the Florida Sheriffs' self-insurance fund for risk related to workers' compensation, auto, and general liability insurance. For the past three years, there have been no insurance settlements significantly in excess of insurance coverage.

Note 6 - Commitments and Contingencies

The Sheriff is leasing equipment and office space under leases, which are cancelable under certain circumstances. During the fiscal year ended September 30, 2021, the lease payments on all operating leases amounted to approximately \$189,803.

The Sheriff is contingently liable with respect to lawsuits and other claims incidental to the ordinary course of its operations. In the opinion of management, based on the advice of legal counsel, the ultimate disposition of these lawsuits and claims will not have a material adverse effect on the financial condition of the Sheriff.

Note 7 - Pension and Postemployment Benefits Other than Pension Benefits

Florida Retirement System (FRS) Pension Benefits

The Sheriff participates in the Florida Retirement System to provide pension benefits to its employees. A detailed plan description and any liability for employees of the Sheriff are included in the financial statements of the County.

Postemployment Benefits Other than Pensions

The Sheriff participates in the plan established by the Board of County Commissioners to provide other postemployment benefits to retirees of the Board and Constitutional Officers. A detailed plan description and any liability for employees of the Sheriff is included in the financial statements of the County.

Note 8 - Change in Accounting Principle

During the year ended September 30, 2021, the Sheriff adopted new accounting guidance by implementing the provisions of GASB Statement No. 84, *Fiduciary Activities*, which established criteria for identifying and reporting fiduciary activities. In accordance with GASB Statement No. 84, liabilities in custodial funds are recognized when an event has occurred that compels the government to disburse the resources held in a fiduciary capacity. If further action, authorization, or condition is required to compel the Sheriff to disburse the funds at year-end, the amounts are reported as net position. GASB Statement No. 84 requires that changes adopted to conform to the provisions of the statement be applied retroactively. The Sheriff has restated the beginning net position in the statement of fiduciary net position as a result of the change in recognition of liabilities as follows:

Net Position, October 1, 2020, as Previously Reported	Ş	-
Change in Accounting Principle		23,020

ALACHUA COUNTY SHERIFF CUSTODIAL FUNDS

601-Individual Depository—Accounts for fees charged for the service of process in civil cases. These non-refundable fees are set by Section 30.231 of the Florida Statutes. The costs of executing enforceable writs are also handled through this fund. On a monthly basis, these fees are remitted to the Board of County Commissioners.

602-Suspense—Accounts for the receipt and disbursement of funds received from various sources such as purges for child support, transportation, restitution, miscellaneous service contracts, proceeds from court-ordered sale of abandoned property, etc. Disbursement of these funds is made in accordance with the purpose of the receipt and any balance remaining is remitted monthly to the Board of County Commissioners.

611-Evidence Trust—Accounts for funds held for safekeeping relating to evidentiary matters.

612-Inmate Trust—Accounts for inmates' cash receipts and disbursements. Individual inmate account records are maintained, and transmittals to commissary provider are recorded. This fund makes disbursements from individual accounts as requested by the inmates to the extent of their available funds.

PURVIS GRAY

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Clovis Watson, Jr. Sheriff
Alachua County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the major fund and the aggregate remaining fund information of the office of the Alachua County Sheriff (the Sheriff), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Sheriff's financial statements, and have issued our report thereon dated April 4, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Sheriff's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, we do not express an opinion on the effectiveness of the Sheriff's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sheriff's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Honorable Clovis Watson, Jr. Sheriff
Alachua County, Florida

We have examined the Alachua County Sheriff's (the Sheriff) compliance with the requirements of Section 218.415, Florida Statutes, as of and for the year ended September 30, 2021, as required by Section 10.556(10)(a), *Rules of the Auditor General*. Management is responsible for the Sheriff's compliance with those requirements. Our responsibility is to express an opinion on the Sheriff's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Sheriff complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Sheriff complied with the specified requirements. The nature, timing, and extent of procedures selected depend on our judgement, including an assessment of the risk of material non-compliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Sheriff's compliance with specified requirements.

In our opinion, the Sheriff complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Sheriff, the Board of County Commissioners, and applicable management, and is not intended to be, and should not be, used by anyone other than those specified parties.

MANAGEMENT LETTER

The Honorable Clovis Watson, Jr. Sheriff Alachua, Florida

Report on the Financial Statements

We have audited the financial statements of the office of the Alachua County Sheriff (the Sheriff), as of and for the year ended September 30, 2021, and have issued our report thereon dated April 4, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the provisions of Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Reports on examinations conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated April 4, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such information is included in Note 1 to the financial statements.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendation to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate non-compliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Sheriff, the Board of County Commissioners, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

The Honorable John Power Tax Collector Alachua County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Alachua County Tax Collector (the Tax Collector), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Tax Collectors' financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

The Honorable John Power Tax Collector Alachua County, Florida

INDEPENDENT AUDITOR'S REPORT

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information for the Tax Collector as of September 30, 2021, and the respective changes in financial position, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Incomplete Presentation

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each major fund and the aggregate remaining fund information, of Alachua County that is attributable to the Tax Collector. They do not purport to, and do not, present fairly the financial position of Alachua County as of September 30, 2021, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Change in Accounting Principle

As described in Note 9 to the financial statements, the Tax Collector adopted Governmental Accounting Standards Board No. 84, *Fiduciary Activities*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a required part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Honorable John Power Tax Collector Alachua County, Florida

INDEPENDENT AUDITOR'S REPORT

Supplementary Information

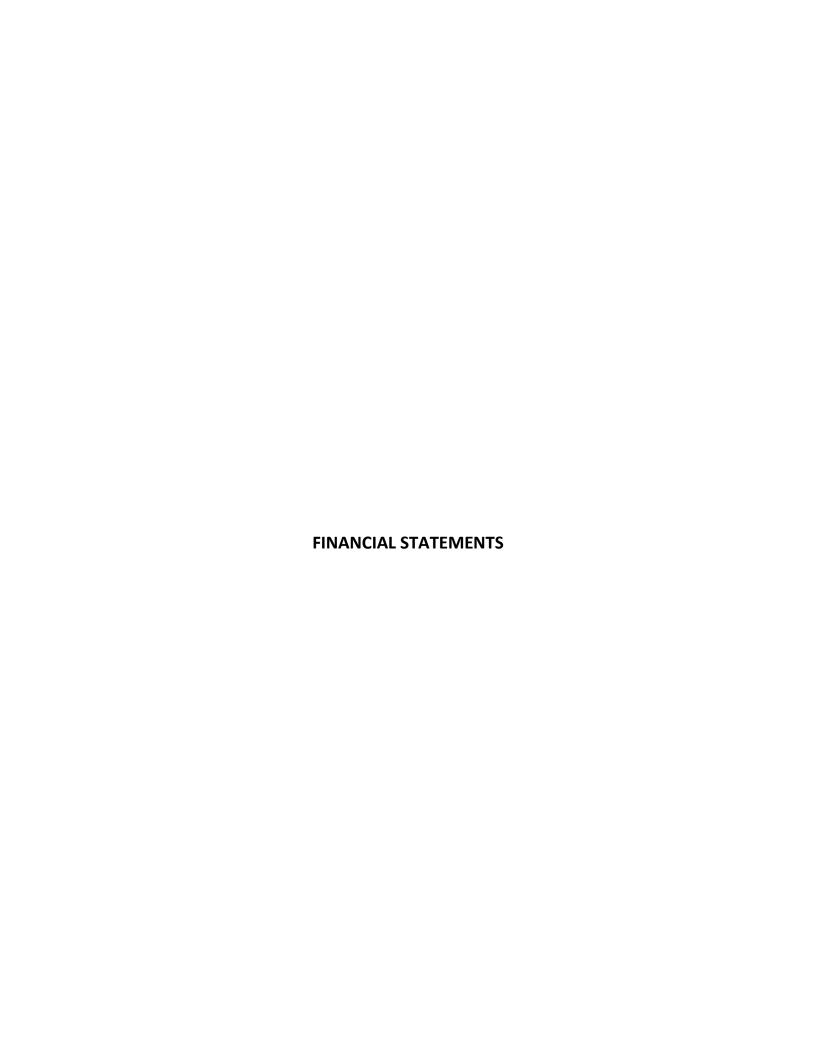

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Tax Collector's financial statements. The schedule of revenues, expenditures, and changes in fund balances – budget and actual – capital projects fund is presented for purposes of additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the special purpose financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report on our consideration of the Tax Collector's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters under the heading Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance With *Government Auditing Standards*. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tax Collector's internal control over financial reporting and compliance.

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the office of the Alachua County Tax Collector (the Tax Collector) conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

Reporting Entity

The Tax Collector is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law.

The Tax Collector is an integral part of Alachua County (the County), which is the primary government for financial reporting purposes.

Basis of Presentation

The Tax Collector's financial statements are special purpose financial statements that have been prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). These special purpose financial statements are the fund financial statements required by generally accepted accounting principles. However, these fund financial statements do not constitute a complete presentation because, in conformity with the Rules, the Tax Collector has not presented the government-wide financial statements, or management's discussion and analysis. Also, certain notes to the financial statements may supplement rather than duplicate the notes included in the County's county-wide financial statements.

Fund Accounting

Accounts are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to, and accounted for in, individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The focus of fund financial statements is on major funds, each displayed in a separate column. All non-major funds are aggregated and displayed in a single column. There are no non-major governmental funds.

The Tax Collector reports the following major governmental funds:

General Fund—The General Fund is the primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund.

Capital Projects Fund—The Capital Projects Fund is used to account for financial resources that are restricted, committed, or assigned to expenditure for capital outlays.

The Tax Collector also reports the following fiduciary fund:

Custodial Fund—The Custodial Fund is used to account for assets held in a custodial capacity.

Fund Balance

The Tax Collector follows the provisions of Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the Tax Collector is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

Fund balance classifications are described below:

Non-Spendable Fund Balance—Non-spendable fund balances are amounts that cannot be spent because they are either: (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance—Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance—Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the Tax Collectors' highest level of decision making authority, which is a policy of the Tax Collector. Committed amounts cannot be used for any other purpose unless the Tax Collector removes those constraints by taking the same type of action.

Assigned Fund Balance—Assigned fund balances are amounts that are constrained by the Tax Collector's intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by: (a) the constitutional officer or (b) a body or official to which the constitutional officer has delegated the authority to assign amounts to be used for specific purposes.

Unassigned Fund Balance—Unassigned fund balance is the residual classification for the General Fund.

The Tax Collector's policy is to expend resources in the following order: restricted, committed, assigned, and unassigned.

Measurement Focus/Basis of Accounting

All governmental funds are accounted for on a current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Their operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets and, accordingly, are said to present a summary of sources and uses of "available spendable resources" during a period.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. For this purpose, revenues are considered available when they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, principal and interest on long term debt are recognized when due.

Fiduciary fund assets and liabilities are accounted for on the accrual basis of accounting. Liabilities are recognized when an event occurs that compels the Tax Collector to disburse fiduciary resources, which is when a demand for resources has been made or when no further action, approval or condition is required to be taken by the beneficiary to release the assets.

Capital Assets and Long-term Liabilities

Because of the current financial resources measurement focus, the accompanying fund financial statements do not report capital assets or long-term liabilities. Such amounts are instead reported in the government wide financial statements of the County.

Equity in Pooled Cash

The Tax Collector maintains a cash pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Equity in Pooled Cash." If a fund overdraws its account in the pool, a liability and corresponding receivable (i.e., due to/from other funds) are reported on the balance sheet. Management has designated the General Fund as the fund to report a receivable.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items and non-spendable fund balance.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make various estimates. Actual results could differ from those estimates.

Note 2 - Deposits

All deposits are placed in a bank that qualifies as a public depository pursuant to the provisions of the Florida Security for Public Deposits Act. Every qualified public depository is required by this law to deposit with the Chief Financial Officer eligible collateral equal to, or in excess of, an amount to be determined by the Chief Financial Officer. The Chief Financial Officer is required to ensure that all funds are entirely insured or collateralized throughout the fiscal year.

The Tax Collector has adopted an investment policy for operating funds pursuant to Florida State Statutes. The objectives of the policy are to provide safety of capital, liquidity of funds, and investment income in that order of importance, as authorized by Florida Statute, 218.415. The Tax Collector's authorized investments include the following:

- The Local Government Surplus Funds Trust Fund or any intergovernmental pool authorized pursuant to the Florida Interlocal Cooperation Act, as provided in Section 163.01, Florida Statutes.
- Savings accounts in state-certified qualified public depositories, as defined in Section 280.02, Florida Statutes.
- Certificates of Deposit (competitively bid when feasible and appropriate) in state-certified qualified public depositories, as defined in Section 280.02, Florida Statutes.

- Interest-bearing checking accounts in state-certified qualified public depositories, as defined in Section 280.02, Florida Statutes.
- Overnight repurchase agreements, as contracted with state-certified qualified public depositories, secured by: a) direct obligations of the U.S. Treasury, or b) bonds, debentures, notes, or other evidence of indebtedness issued or guaranteed by United States Government agencies (Federal Instrumentalities) which are non-full faith and credit agencies limited to the following: (1) Federal Credit Bank; (2) Federal Home Loan or its district banks; (3) National Mortgage Association; (4) Federal Home Loan Mortgage Corporation including Federal Home Loan Mortgage Corporation participation certificates; (5) Student Loan Marketing Association.

The Tax Collector participates in the Florida Cooperative Liquid Asset Securities System (FLCLASS), which is an independent local government investment pool that operates under investment guidelines established by Sections 218.415, Florida Statutes. FLCLASS has been rated AAAm by Standard and Poor's Global Ratings. The Tax Collector's investment with FLCLASS qualifies under provisions of GASB Statement No. 79, to be measured at fair value for financial reporting purposes. FLCLASS generally has no limitations or restrictions on participant withdrawals. The dollar weighted average days to maturity (WAM) of FLCLASS at September 30, 2021, is 47 days. The weighted average life (WAL) of FLCLASS at September 30, 2021, is 84 days. Such investments are classified as "Investments" in the accompanying financial statements and carried at fair value in the amount of \$549,375 at September 30, 2021.

Note 3 - <u>High Springs Tag Office</u>

The City of High Springs, Florida operates an automobile tag agency in that city pursuant to an agreement between the City of High Springs, Florida, and the Tax Collector. Collections from automobile tags, titles, and sales taxes are remitted to the appropriate state agencies. The accompanying special purpose fund financial statements do not include the accounts of the City of High Springs, Florida, tag office.

Note 4 - Pension and Postemployment Benefits Other Than Pension Benefits

Florida Retirement System (FRS) Pension Benefits

The Tax Collector participates in the Florida Retirement System to provide pension benefits to its employees. A detailed plan description and any liability for employees of the Tax Collector are included in the financial statements of the County.

Postemployment Benefits Other than Pensions

The Tax Collector participates in the plan established by the Board of County Commissioners to provide other postemployment benefits to retirees of the Board and Constitutional Officers. A detailed plan description and any liability for employees of the Tax Collector is included in the financial statements of the County.

Note 5 - Risk Management

The Tax Collector participates in the risk management program established by the Board of County Commissioners to cover claims against the Board and Constitutional Officers. The risk management program is accounted for in the Board's financial statements as an Internal Service Fund, in accordance with requirements of GASB 10.

Note 6 - Lease Commitments

The Tax Collector is leasing various equipment under renewable annual operating leases. During the year ended September 30, 2021, the lease payments on all equipment operating leases were \$17,750. In addition, the Tax Collector is leasing various data transport services for network and voice connectivity to our remote locations. During the year ended September 30, 2021, the lease payments on all data transport service leases were \$30,677. The Tax Collector also has a ten-year renewable lease agreement for a Tag Office on Archer Road. During the year ended September 30, 2021, lease payments for office and storage space totaled \$211,257.

Future minimum lease payments for non-cancellable operating leases as of September 30, are as follows:

Year	 Total			
2022	\$ 282,745			
2023	254,532			
2024	239,582			
2025	235,092			
2026	197,352			
2027-2031	 300			
Total	\$ 1,209,603			

Note 7 - Commitments and Contingencies

The Tax Collector is contingently liable with respect to claims incidental to the ordinary course of its operations. In the opinion of management, based on the advice of legal counsel, the ultimate disposition of these claims will not have a material adverse effect on the financial position of the Tax Collector.

Effective August 25, 2020, the Tax Collector entered into an interlocal agreement with the County allowing the County to issue bonds or notes to finance the construction of a new branch office. The Tax Collector will then make annual payments of approximately \$525,000, over ten (10) years, to the County sufficient to pay the corresponding debt service each year. The Tax Collector will also reimburse the County for any additional expenses incurred to secure the financing. The remaining commitment to the County for debt service payments as of September 30, 2021 is \$4,400,000.

The following is a summary of construction contract commitments remaining at fiscal year-end:

Project	Contract Amount		Expe	Expended To-Date		Contract Balance		
Northwest Public Branch Building	\$	4,237,077	\$	3,054,342	\$	1,182,735		

The COVID-19 pandemic continues to pose significant risk to the economy of the State of Florida and Alachua County. While full implications of the pandemic are still unknown, the impact to the Tax Collector's revenues could be significant. The Tax Collector continues to closely monitor revenues, as well as unplanned expenses, related to the pandemic.

Note 8 - Interfund Receivables and Payables

The composition of interfund balances as of September 30, 2021, is as follows:

Due to/from other funds:

Receivable Fund	Payable Fund	 Amount		
General Fund	Fiduciary Fund	\$ 169,952		
Fiduciary Fund	General Fund	394		
Capital Projects Fund	General Fund	 56,808		
	Total	\$ 227,154		

Note 9 - Change in Accounting Principles

During the year ended September 30, 2021, the Tax Collector adopted new accounting guidance by implementing the provisions of GASB Statement No. 84, *Fiduciary Activities*, which establishes criteria for identifying and reporting fiduciary activities. In accordance with GASB Statement No. 84, liabilities in custodial funds are recognized when an event has occurred that compels the government to disburse the resources held in a fiduciary capacity. If further action, authorization, or condition is required to compel the Tax Collector to disburse the funds at year-end, the amounts are reported as net position. GASB Statement No. 84 requires that changes adopted to conform to the provisions of the statement be applied retroactively. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable John Power Tax Collector Alachua County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the office of the Alachua County Tax Collector (the Tax Collector), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Tax Collector's financial statements, and have issued our report thereon dated May 11, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Tax Collector's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collector's internal control. Accordingly, we do not express an opinion on the effectiveness of the Tax Collector's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Tax Collector's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH FLORIDA STATUTE SECTION 218.415, INVESTMENT OF PUBLIC FUNDS

The Honorable John Power Tax Collector Alachua County, Florida

We have examined the Alachua County Tax Collector's (the Tax Collector's) compliance with Section 218.415, Florida Statutes during the year ended September 30, 2021. Management of the Tax Collector is responsible for the Tax Collector's compliance with those requirements. Our responsibility is to express an opinion on the Tax Collector's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Tax Collector complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Tax Collector complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material non-compliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Tax Collector's compliance with specified requirements.

In our opinion, the Tax Collector complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2021.

This report is intended solely for the information and use of the Tax Collector, management, the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, and the Board of County Commissioners of Alachua County, Florida and is not intended to be, and should not be, used by anyone other than these specified parties.

MANAGEMENT LETTER

The Honorable John Power Tax Collector Alachua County, Florida

Report on the Financial Statements

We have audited the financial statements of the Alachua County Tax Collector (the Tax Collector), as of and for the year ended September 30, 2021, and have issued our report thereon dated May 11, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated May 11, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such information is included in Note 1 to the financial statements.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendation to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate non-compliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material, but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Tax Collector, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

The Honorable Ayesha Solomon Property Appraiser Alachua County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the general fund of the Alachua County Property Appraiser (the Property Appraiser) as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Property Appraiser's financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITOR'S REPORT

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Property Appraiser as of September 30, 2021, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each major fund, only for that portion of the major funds of Alachua County that is attributable to the Property Appraiser. They do not purport to, and do not, present fairly the financial position of Alachua County as of September 30, 2021, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

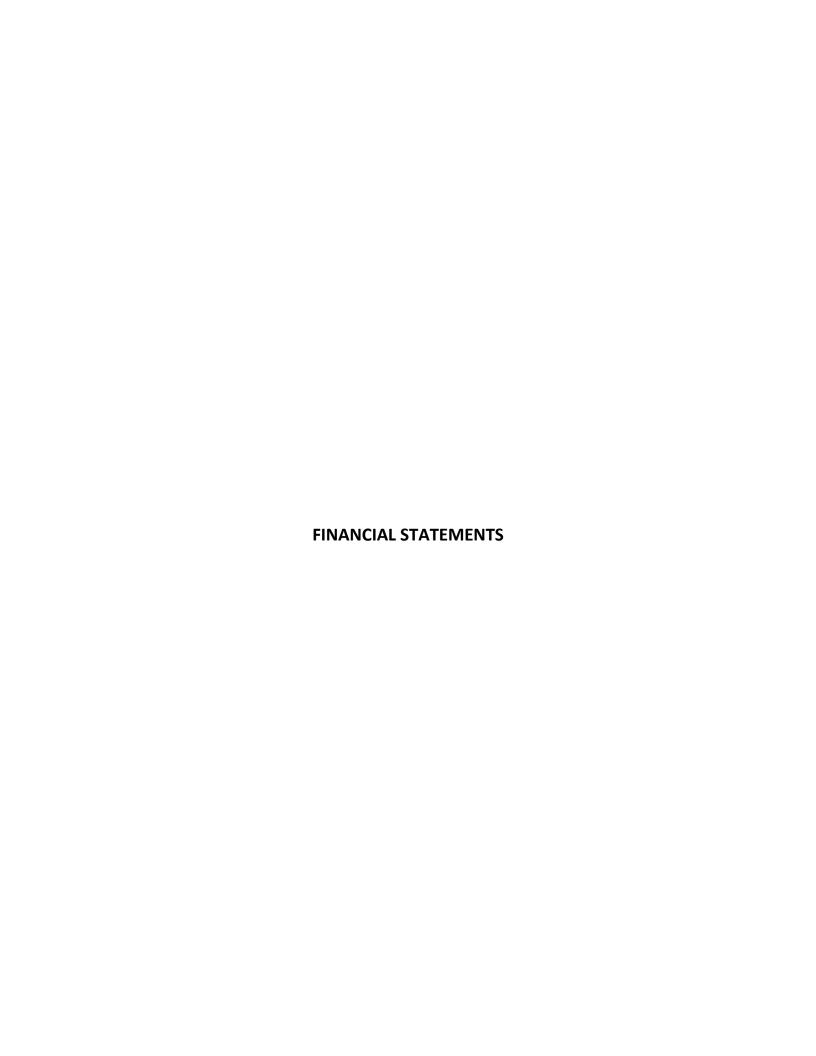

Accounting principles generally accepted in the United States of America require that the budgetary comparison information be presented to supplement the financial statements. Such information, although not a required part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the special purpose financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Property Appraiser's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters under the heading Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance With *Government Auditing Standards*. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Property Appraiser's internal control over financial reporting and compliance.

ALACHUA COUNTY PROPERTY APPRAISER NOTES TO FINANCIAL STATEMENTS ALACHUA COUNTY, FLORIDA

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the office of the Alachua County Property Appraiser (the Property Appraiser) conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

Reporting Entity

The Property Appraiser is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law.

The Property Appraiser is an integral part of Alachua County (the County), which is the primary government for financial reporting purposes.

Basis of Presentation

The Property Appraiser's financial statements are prepared solely for the purpose of complying with Section 218.39, Florida Statutes, and Section 10.557(4), *Rules of the Auditor General*. The accompanying financial statements include all the funds and accounts of the Property Appraiser's office, but do not constitute a complete presentation because, in conformity with the *Rules of the Auditor General*, the Property Appraiser has not presented the government-wide financial statements, reconciliations to the government-wide financial statements, or management's discussion and analysis. Also, certain notes to the financial statements may supplement rather than duplicate the notes included in the County's county-wide financial statements.

Fund Accounting

Accounts are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to, and accounted for in, individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The focus of fund financial statements is on major funds, each displayed in a separate column. All non-major funds are aggregated and displayed in a single column.

The Property Appraiser reports the following major governmental fund:

General Fund—the General Fund is the primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund.

Measurement Focus/Basis of Accounting

All governmental funds are accounted for on a current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance is considered a measure of "available spendable resources." Their operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in fund balance and, accordingly, are said to present a summary of sources and uses of "available spendable resources" during a period.

ALACHUA COUNTY PROPERTY APPRAISER NOTES TO FINANCIAL STATEMENTS ALACHUA COUNTY, FLORIDA

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available. For this purpose, revenues are considered available when they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, principal and interest on long-term debt are recognized when due.

Capital Assets and Long-term Liabilities

Because of the current financial resources measurement focus, the accompanying fund financial statements do not report capital assets or long-term liabilities. Such amounts are instead reported in the government-wide financial statements of the County.

Accrued Compensated Absences

The Property Appraiser maintains a policy of granting employees annual leave based upon the number of years of employment. Upon termination, employees may be entitled to payment of their unused vacation days up to a maximum of 240 hours.

In addition, sick leave is accumulated at the rate of one day per month. Upon termination, employees hired on or before September 30, 2018, with at least ten years of continuous employment may be entitled to payment for 50% of all accrued sick leave hours. Employees hired on or after October 1, 2018, are limited to a maximum of 500 hour payout upon termination.

Cash

Cash is placed in a bank that qualifies as a public depository pursuant to the provisions of the Florida Security for Public Deposits Act. Every qualified public depository is required by this law to deposit with the Chief Financial Officer eligible collateral equal to, or in excess of, an amount to be determined by the Chief Financial Officer. The Chief Financial Officer is required to ensure that all funds are entirely collateralized throughout the fiscal year.

The Property Appraiser does not have policies that address credit risk, custodial credit risk, or interest rate risk. The Property Appraiser had no investments at year-end or during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make various estimates. Actual results could differ from those estimates.

Note 2 - Pension and Postemployment Benefits Other Than Pension

Florida Retirement System (FRS) Pension Benefits

The Property Appraiser participates in the Florida Retirement System to provide pension benefits to its employees. A detailed plan description and any liability for employees of the Property Appraiser are included in the financial statements of the County.

ALACHUA COUNTY PROPERTY APPRAISER NOTES TO FINANCIAL STATEMENTS ALACHUA COUNTY, FLORIDA

Postemployment Benefits Other than Pensions

The Property Appraiser participates in the plan established by the Board of County Commissioners to provide other postemployment benefits to retirees of the Board and Constitutional Officers. A detailed plan description and any liability for employees of the Property Appraiser are included in the financial statements of the County.

Note 3 - Risk Management

The Property Appraiser participates in the risk management program established by the Board of County Commissioners to cover claims against the Board and Constitutional Officers. The risk management program is accounted for in the Board's financial statements as an Internal Service Fund.

Note 4 - Lease Commitments

The Property Appraiser is leasing various equipment under renewable annual operating leases. During the year ended September 30, 2021, the lease payments on all equipment operating leases were \$20,973.

Future minimum lease payments for non-cancellable operating leases as of September 30, are as follows:

Year	 Total			
2022	\$ 21,295			
2023	21,295			
2024	21,295			
2025	21,295			
2026	 13,143			
Total	\$ 98,323			

Note 5 - Contingencies

The Property Appraiser is involved in various claims during the course of normal operations regarding the assessments of real and tangible personal property. It is the opinion of management that any uninsured claims would not be material in relation to the Property Appraiser's financial condition.

ADDITIONAL ELEMENTS REQUIRED BY THE RULES OF THE AUDITOR GENERAL

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Ayesha Solomon Property Appraiser Alachua County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the office of the Alachua County Property Appraiser (the Property Appraiser), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Property Appraiser's financial statements, and have issued our report thereon dated May 16, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Property Appraiser's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Property Appraiser's internal control. Accordingly, we do not express an opinion on the effectiveness of the Property Appraiser's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described below, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described below as 2021-01 and 2021-02 to be material weaknesses.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described below as 2021-03 to be a significant deficiency.

2021-01 - Financial Close and Reporting

Condition—The Property Appraiser experienced unexpected turnover at the Comptroller position near the end of the fiscal year, which led to several deficiencies in the financial close and reporting process. Significant adjustments were identified by the Property Appraiser's staff for several months after the trial balance was received for the audit. Additionally, material audit adjustments were made to record approximately \$79,000 of revenues from interlocal agreements, \$71,000 of retirement contributions payable, and \$53,000 of accrued payroll.

Effect—The lack of timely and accurate completion of the financial close and reporting process delayed completion of the audit, and the Property Appraiser's financial statements would have been materially misstated if the adjustments noted above had not been identified during the audit process.

Recommendation—We recommend the Property Appraiser review the financial close and reporting process to ensure that all critical responsibilities are clearly documented and personnel are adequately trained to carry them out in a timely manner.

2021-02 - Bank Reconciliations

Condition—Bank reconciliations for the months of April 2021 through September 2021 were not completed until several months after fiscal year-end. Additionally, we noted two electronic funds transfers shown as paid during September 2021 that were actually initiated subsequent to year-end, resulting in an audit adjustment to increase cash and liabilities by approximately \$109,000.

Effect—Without timely completion of bank reconciliations there is a greater risk that material transactions will go unposted or will be posted in the incorrect period. Additionally, cash would have been materially understated if the adjustments to the bank reconciliation noted above had not been identified during the audit process.

Recommendation—We recommend the Property Appraiser establish procedures to ensure that bank reconciliations are performed within the following month, and that any identified discrepancies are properly investigated and corrected.

The Honorable Ayesha Solomon Property Appraiser Alachua County, Florida

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

2021-03 - Lack of Approval of Manual Journal Entries

Condition—The Comptroller has the ability to enter manual journal entries into the accounting system without any secondary approval before the entries are posted to the general ledger. The Property Appraiser's policy is that the Comptroller will regularly have these entries reviewed and approved by a second individual. However, during our testing we noted several manual journal entries that were posted by the Comptroller which did not have the secondary approval.

Effect—Lack of a review of manual journal entries could result in erroneous entries that are not prevented or detected and corrected on a timely basis.

Recommendation—We recommend that all manual journal entries be reviewed by someone in management other than the person who created the entry prior to it being posted to the general ledger.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Property Appraiser's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Alachua County Property Appraiser's Response to Findings

The Property Appraiser's response to the findings identified in our audit is described in the accompanying letter of response. The Property Appraiser's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH FLORIDA STATUTE SECTION 218.415 – INVESTMENTS OF PUBLIC FUNDS

The Honorable Ayesha Solomon Property Appraiser Alachua County, Florida

We have examined the Alachua County Property Appraiser's (the Property Appraiser's) compliance with Section 218.415, Florida Statutes during the year ended September 30, 2021. Management of the Property Appraiser is responsible for the Property Appraiser's compliance with those requirements. Our responsibility is to express an opinion on the Property Appraiser's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Property Appraiser complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Property Appraiser complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material non-compliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Property Appraiser's compliance with specified requirements.

In our opinion, the Property Appraiser complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2021.

This report is intended solely for the information and use of the Property Appraiser, management, the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, and the Board of County Commissioners of Alachua County, Florida, and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT LETTER

The Honorable Ayesha Solomon Property Appraiser Alachua County, Florida

Report on the Financial Statements

We have audited the financial statements of the Alachua County Property Appraiser (the Property Appraiser), as of and for the year ended September 30, 2021, and have issued our report thereon dated May 16, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated May 16, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Finding 2020-01 is repeated in the current year as item 2021-03. This item was not reported in the second preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Property Appraiser was established by the Constitution of the State of Florida, Article VIII, Section 1(d). There were no component units related to the Property Appraiser.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendation to improve financial management. In connection with our audit, we did not have any such recommendations.

MANAGEMENT LETTER

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate non-compliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely to for the information use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Property Appraiser, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

Dear Sherill Norman:

Due to a software conversion in conjunction with the resignation of our former Comptroller, the auditors found several deficiencies in which they outlined in our most recent audit.

The Property Appraiser's Office utilized support services from our new financial management software system to assist us in the bank reconciliation process and close out the 2020 - 2021 fiscal year. The finance department also had extensive software training to ensure our processes and responsibilities are clearly documented and the newly assigned staff were properly trained.

Since getting caught up with the bank reconciliations, the new Assistant Property Appraiser has been performing the bank reconciliations on a timely basis, and he is also reviewing journal entries to ensure that erroneous entries are detected and corrected on a timely basis.

I am confident the above actions, per the recommendations of our auditors, will ensure the noted deficiencies do not reoccur. Thank you for your time and consideration.

Respectfully,

Ayesha Solomon, CFA

INDEPENDENT AUDITOR'S REPORT

The Honorable Kim Barton Supervisor of Elections Alachua County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the general fund of the Alachua County, Florida, Supervisor of Elections (the Supervisor of Elections) as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Supervisor of Elections' financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the general fund of the Supervisor of Elections as of September 30, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the general fund only for that portion of the general fund of Alachua County that is attributable to the Supervisor of Elections. They do not purport to, and do not, present fairly the financial position of Alachua County as of September 30, 2021, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

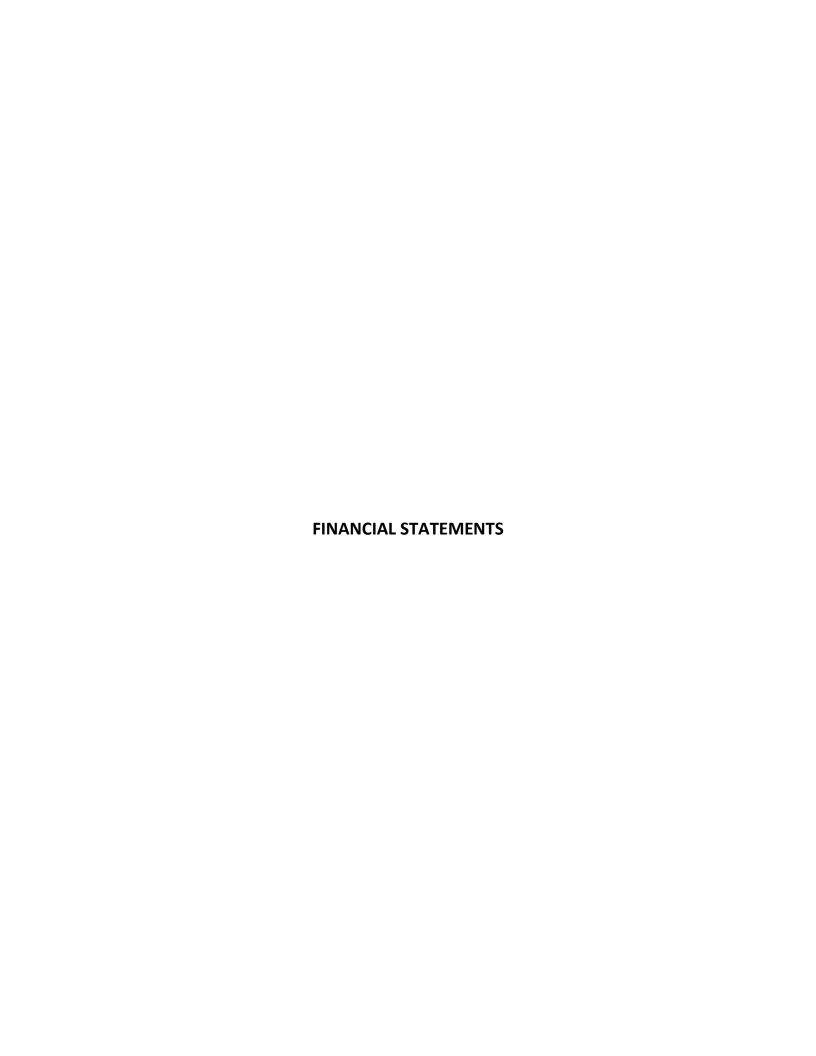

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedule, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a required part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Supervisor of Election's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts and grant agreements, and other matters included under the heading Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Supervisor of Election's internal control over financial reporting and compliance.

ALACHUA COUNTY SUPERVISOR OF ELECTIONS NOTES TO FINANCIAL STATEMENTS ALACHUA COUNTY, FLORIDA

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the Office of the Alachua County Supervisor of Elections (the Supervisor of Elections) conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

Reporting Entity

The Supervisor of Elections is an elected constitutional officer, whose office is established by Article VIII, Section 1(d) of the Constitution of the State of Florida and is governed by various provisions of state law. The Supervisor of Elections is an integral part of Alachua County (the County), which is the primary government for financial reporting purposes.

Basis of Presentation

The Supervisor of Elections' financial statements are special purpose financial statements that have been prepared solely for the purpose of complying with Section 218.39, Florida Statutes, and Section 10.557(4), *Rules of the Auditor General-Local Governmental Entity Audits* (the Rules). These special purpose financial statements are the fund financial statements required by generally accepted accounting principles. However, these fund financial statements do not constitute a complete presentation because, in conformity with the Rules, the Supervisor of Elections has not presented the government-wide financial statements, reconciliations to the government-wide financial statements, or management's discussion and analysis. Also, certain notes to the financial statements may supplement rather than duplicate the notes included in the county-wide financial statements.

Fund Accounting

Accounts are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The focus of fund financial statements is on major funds, each displayed in a separate column. All non-major funds are aggregated and displayed in a single column.

The Supervisor of Elections reports the following major governmental fund:

General Fund—The General Fund is the primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund.

Fund Balance

The Supervisor of Elections follows the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the Supervisor of Elections is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

The fund balance classifications specified in GASB Statement No. 54 are as follows:

ALACHUA COUNTY SUPERVISOR OF ELECTIONS NOTES TO FINANCIAL STATEMENTS ALACHUA COUNTY, FLORIDA

Non-Spendable Fund Balance—Non-spendable fund balances are amounts that cannot be spent because they are either: (a) not in spendable form, or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance—Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance—Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the Supervisor of Elections' highest level of decision-making authority, which is a policy of the Supervisor of Elections. Committed amounts cannot be used for any other purpose unless the Supervisor of Elections removes those constraints by taking the same type of action.

Assigned Fund Balance—Assigned fund balances are amounts that are constrained by the Supervisor of Elections' intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by: (a) the Supervisor of Elections; or (b) a body or official to which the Supervisor of Elections has delegated the authority to assign amounts to be used for specific purposes.

Unassigned Fund Balance—Unassigned fund balance is the residual classification for the General Fund.

The Supervisor of Elections' policy is to expend resources in the following order: restricted, committed, assigned, and unassigned.

Measurement Focus/Basis of Accounting

All governmental funds are accounted for on a current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Their operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets and, accordingly, are said to present a summary of sources and uses of "available spendable resources" during a period.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available. For this purpose, revenues are considered available when they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, principal and interest on long-term debt are recognized when due.

Capital Assets and Long-Term Liabilities

Capital assets used by the Supervisor of Elections are recorded and accounted for by the Alachua County Board of County Commissioners.

ALACHUA COUNTY SUPERVISOR OF ELECTIONS NOTES TO FINANCIAL STATEMENTS ALACHUA COUNTY, FLORIDA

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to exclude amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities. They are instead reported as liabilities in the financial statements of the County.

Cash

Cash is placed in a bank that qualifies as a public depository pursuant to the provisions of the Florida Security for Public Deposits Act. Every qualified public depository is required by this law to deposit with the Chief Financial Officer eligible collateral equal to, or in excess of, an amount to be determined by the Chief Financial Officer. The Chief Financial Officer is required to ensure that all funds are entirely collateralized throughout the fiscal year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

Note 2 - Pension and Postemployment Benefits Other than Pension Benefits

Florida Retirement System (FRS) Pension Benefits

The Supervisor of Elections participates in the Florida Retirement System to provide pension benefits to its employees. A detailed plan description and any liability for employees of the Supervisor of Elections are included in the financial statements of the County.

Postemployment Benefits Other than Pensions

The Supervisor of Elections participates in the plan established by the Board of County Commissioners to provide other postemployment benefits to retirees of the Board and Constitutional Officers. A detailed plan description and any liability for employees of the Supervisor of Elections is included in the financial statements of the County.

Note 3 - Risk Management

The Supervisor of Elections participates in the risk management program established by the Board of County Commissioners to cover claims against the Board and Constitutional Officers. The risk management program is accounted for in the Board's financial statements as an Internal Service Fund, in accordance with the requirements of GASB Statement No. 10.

ADDITIONAL ELEMENTS REQUIRED BY THE RULES OF THE AUDITOR GENERAL

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Kim Barton Supervisor of Elections Alachua County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the office of the Alachua County Supervisor of Elections (the Supervisor of Elections), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Supervisor of Elections' financial statements, and have issued our report thereon dated February 16, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Supervisor of Elections' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Supervisor of Elections' internal control. Accordingly, we do not express an opinion on the effectiveness of the Supervisor of Elections' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Supervisor of Elections' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH FLORIDA STATUTE SECTION 218.415 – INVESTMENTS OF PUBLIC FUNDS

The Honorable Kim Barton Supervisor of Elections Alachua County, Florida

We have examined the Alachua County Supervisor of Elections' (the Supervisor of Elections) compliance with Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2021. Management of the Supervisor of Elections is responsible for the Supervisor of Elections' compliance with those requirements. Our responsibility is to express an opinion on the Supervisor of Elections' compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Supervisor of Elections complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Supervisor of Elections complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material non-compliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Supervisor of Elections' compliance with specified requirements.

In our opinion, the Supervisor of Elections complied, in all material respects, with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2021.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, the Supervisor of Elections, and management, and is not intended to be, and should not be, used by anyone other than those specified parties.

MANAGEMENT LETTER

The Honorable Kim Barton Supervisor of Elections Alachua County, Florida

Report on the Financial Statements

We have audited the financial statements of the office of the Alachua County Supervisor of Elections (the Supervisor of Elections), as of and for the year ended September 30, 2021, and have issued our report thereon dated February 16, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports which are dated February 16, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such information is included in Note 1 to the financial statements.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

MANAGEMENT LETTER

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate non-compliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Supervisor of Elections, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.
